**A. CONTRIBUTORS AND CONTENT**

The Doctor has regenerated, but things are not going well for him. His mind is disturbed and during one of his "fits" he attempts to kill Peri. This causes the Doctor Paroxyn of guilt and he decides he must repent and become a hermit.

Meanwhile, on Earth, in the not too distant future, Edgeworth, acting on the orders of Mestor, has kidnapped the Sylvester twins, Romulus and Remus. Mestor, who is a mutated slug-like creature, plans to destroy a star, the subsequent explosion transporting the eggs of his species around the universe. Mestor requires the mathematical genius of the twins to fulfill his plan.

While searching for a suitable planet to repent, the Doctor finds Hugo, an interplanetary policeman. Eventually they join forces in search of the twins and track Mestor and Edgeworth down just in time to prevent Mestor fulfilling his plan.
