

Eating out, the challenge: video C

Nat: "Here is the menu and it's the challenge. You are going to choose an starter for me. I am vegetarian, I don't eat tomatoes and I am allergic to spices. Set the watch!"

Guillaume: "Oh my god! Right so an entree with... well it's impossible... all there is... spices are all there is here. This isn't a good start."

Nat: "Come on, find me something... try harder, you don't want me to eat with you eh? That's it?"

Guillaume: "So it has to be vegetarian?"

Nat: "Vegetarian... No tomatoes and allergic to spices."

Guillaume: "Fresh Puy farmhouse goat cheese salad, with lettuce heart and some beetroot cooked with crackling bacon."

Nat: "Bacon! No! now come on... !"

Guillaume: "Bacon! ... That's not possible!"

Nat: "So what could you do for me?"

Guillaume: "Tomatoes. None at all?"

Nat: "Oh no, none at all, no no, I become completely red and look like I'll explode!"

Guillaume: "Well then! ... Some soup... Green olive soup without any tomato."

Nat: "You can order that for me?"

Guillaume: "I can do that, of course."

Nat: "Yes? So we can change things!"

Guillaume: "We can change things! Crafty!"
