POST PRODUCTION SCRIPT

10:00:00 EXT. COAL HILL SCHOOL - DAY

OPENING TITLE CAPTION:

DOCTOR
WHO
BBC

A figure is silhouetted against the wall - it bears a striking resemblance to the First Doctor - they walk into view to reveal a policeman rounding the corner past a familiar looking sign mounted to the wall *I.M. Foreman, Scrap Merchant, 76 Totter's Lane*; past this -

A typical London secondary school, in Shoreditch. A sign outside names it as Coal Hill.

CLARA (OS)
*In time we hate that which we often fear;
William Shakespear. Waste no more time
arguing about what a good man should
be. Be one; Marcus Aurelius.*

The School bell rings.

CUT TO:

10:00:21 INT. COAL HILL SCHOOL. CLARA'S CLASSROOM - DAY

Clara - a schoolteacher now - is finishing writing on the board and begins to wipe away today's lesson.

Another teacher - Tom - is skidding to a halt, coming the other way, to speak to Clara. He's about Clara's age, pleasant looking. Agitated, flustered, and panting like he's been running. He's clearly quite smitten with Clara.

CLARA
Have you been running?

TOM
Are you okay? There was a call for you,
at the office. From your *doctor*.

Clara: the ghost of a smile.

CLARA

Did he leave an address?

She's turned to pick up a motorcycle helmet.

CUT TO:

10:00:43 EXT. COAL HILL SCHOOL - DAY

Clara blasts out on her motorbike. (It's the Doctor's bike from The Bells Of Saint John.)

Following Clara as she zooms along, roaring out the gates.

Clara zooming along a busy road, through a tunnel, along motorway..

DISSOLVE TO:

10:00:57 EXT. COUNTRYSIDE OUTSIDE LONDON - DAY

Clara comes into view - light centre screen and zooming towards us along a country road. She's coming to a halt now, looking down into:

Clara's POV - parked in the valley below the road is the police box shape of the TARDIS.

She grins. Shifts the bike round, as if aiming it at the TARDIS, revs a couple times.

She hits the horn. Three times, like a prearranged signal. Then off she roars, straight at the police box.

On her face, blasted by the wind, grinning.

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

Her POV. Hammering straight towards those blue doors - which at the last moment snap open!

Now from the side: The motorbike disappears into the police box with comical speed. A terrible screech of tyres and -

CUT TO:

10:01:13 INT. TARDIS CONSOLE ROOM - DAY

Clara, on the bike, comes flying straight through the doors, screeching to a halt.

On the Eleventh Doctor, with his back to Clara, sat on the steps in the console room and leafing through a book, he grins as he hears her arrive, though doesn't turn - the picture of nonchalance. We see Clara swinging off the motorbike.

THE ELEVENTH DOCTOR
(Without turning)
Draft.

Clara raises a hand, clicks her fingers. The TARDIS doors slam shut, all by themselves.

THE ELEVENTH DOCTOR (CONT'D)
Fancy a week in Ancient Mesopotamia...
(turning)
...followed by future Mars.

CLARA
Will there be cocktails?

THE ELEVENTH DOCTOR
On the moon.

CLARA
The moon'll do!

A stand-off, they hold each others look, until -

THE ELEVENTH DOCTOR
Ha-Ha!

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

They both shriek and rush to the other, The Doctor swings Clara around, lifting her off her feet.

THE DOCTOR (CONT'D)

How's the new job? Teach anything good?

CLARA

No, learn anything?

THE ELEVENTH DOCTOR

Not a thing.

They high five.

And the TARDIS suddenly lurches.

THE DOCTOR

Yowza!

CLARA

(Grabbing the console)

What's happening??

The Doctor, also gripping the console, checking the readings.

THE ELEVENTH DOCTOR

Whoa, whoa. We're taking off. But the engines aren't going!!

CUT TO:

10:01:55 EXT. COUNTRYSIDE OUTSIDE LONDON - DAY

Kate Stewart is sat overlooking Tower Bridge.

OSGOOD (CONT'D)
... sorry! Ma'am! Ma'am!!

Kate turns. Osgood - a UNIT scientist, a madly enthused but brilliant woman in a big scarf - is running towards her, mobile in hand. (Suspiciously, the scarf is a bit Tom Baker.)

KATE
The Ravens are looking a bit sluggish.
Tell Malcolm they need new batteries.

OSGOOD
(Proffering phone)
It's him! Sorry, it's your personal
phone - but well, I recognised the
ringtone. It's him, isn't it?

Kate snatches the phone from Osgood, who's on the verge of breathing difficulties.

KATE
Inhaler.

Osgood scrabbles for an asthma inhaler from her jacket, uses it.

THE ELEVENTH DOCTOR

No kidding!!

KATE (OS)

Where are you?

THE ELEVENTH DOCTOR

What, where am I?

The Doctor rolls his eyes, leans perilously out the doors and angles the receiver up at the helicopter so she can hear it.

Wider: the square. Pointing and marvelling crowds have been cordoned off. There's a dozen UNIT troops waiting in formation.

And there's Kate, Osgood next to her, waiting to greet the Doctor, as the TARDIS is lowered, with all solemnity (apart from the dangling Doctor) into Trafalgar Square.

The Doctor drops the last few feet. Collects himself, dusts himself off.

UNIT SOLDIER
Atten-hut!

All the UNIT squaddies have snapped to a salute.

THE ELEVENTH DOCTOR
Why am I saluting?

The TARDIS thuds onto the concrete behind him, the claw releases. Clara is already tumbling out -

- and now Kate is striding over the Doctor, Osgood is flustering along behind her.

KATE
Doctor, as Chief Scientific Officer
may I extend the official apologies of
UNIT -

THE ELEVENTH DOCTOR
Kate Lethbridge-Stewart, a word to the
wise. As I'm sure your father would've
told you, I don't like being picked up.

DOCTOR WHO 50th ANNIVERSARY EPISODE

CLARA

That probably sounded better in his head.

KATE

I'm acting on instructions direct from the throne.

She's put out her hand to Osgood. Osgood now places something reverently in it - an ancient, sealed envelope.

KATE (CONT'D)

Sealed orders from Her Majesty, Queen Elizabeth the First.

CUT TO:

CLARA (OS)

The Queen? ...

CUT TO:

CLARA (CONT'D)

...The *first*?? Sorry, Elizabeth, the *first*??

Kate presents the Doctor with the envelope. He doesn't take it, just looks at it, sourly.

KATE

Her credentials are inside.

He goes to open the envelope.

KATE (CONT'D)

No. Inside.

She's gesturing towards the National Gallery.

The Doctor, intrigued - begins striding towards the gallery.

THE ELEVENTH DOCTOR
(to Osgood)
Nice scarf.

Kate and Osgood make to follow - Kate looks dubiously round at the crowds.

KATE
What's our cover story for this?

OSGOOD
Um, Derren Brown.

KATE
Again??

OSGOOD
Um, we've sent him flowers.

UNIT SOLDIER (OS)
Attention. Right, I want a secure
perimeter around the gallery. No one
gets in or out without permission.

THE ELEVENTH DOCTOR

Why shouldn't I have a job. I'd be
brilliant at having a job.

CLARA

You don't have a job.

THE ELEVENTH DOCTOR

They've come to a stop -

A large painting on a easel. It's currently draped in white cloth.
A pair of UNIT soldiers flank it, waiting. McGillop - a UNIT
scientist - is also there.

The soldiers step forward, pull off the big white sheet.

KATE (OS) (CONT'D)
THESE are Elizabeth's credentials,
Doctor.

On the Doctor and Clara stepping forward to take closer look -

- and then stopping and staring in astonishment, for very different
reasons.

CLARA
But that's... That's not possible.

CUT TO:

10:05:14 INT. NATIONAL GALLERY - DAY

On the Doctor's face. Stricken. Someone just walked over his grave.

THE ELEVENTH DOCTOR
No more.

He speaks the words, as if quoting, his voice barely a whisper.

KATE (OS)
That's the title.

THE ELEVENTH DOCTOR
I know the title!!

KATE
Also known as Gallifrey Falls.

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

THE ELEVENTH DOCTOR

This painting doesn't belong here - not
in this time or place.

CLARA

Obviously.

THE ELEVENTH DOCTOR

It's the fall of Arcadia. Gallifrey's
second city.

CLARA

But how's it doing that? How's that
possible? It's an oil painting...

Now, on the painting. An old fashioned oil painting, depicting
a ruined sci-fi city under a burning sky. There are spires and
minarets, all in gleaming metal, with space ships blasting through
the sky. This is clearly war though - shattered buildings belching
smoke, laser beams slicing the sky.

Clara is stepping closer, and it's still not clear what's so
impossible -

- but then the camera moves and it is. Because it's...

CLARA (CONT'D)

...in 3D.

As the angle changes, the 3D depth of the painting becomes
impossibly obvious. Now a whole different view of the buildings
is presented.

THE ELEVENTH DOCTOR

Time Lord art. Bigger on the inside.
A slice of real time, frozen.

I've tried very hard to forget.

the day *I* did it.

Now pushing in on the painting, entering the 3D detail of the
painting.

THE ELEVENTH DOCTOR (CONT'D)

The day I killed them all. The last day
of the Time War.

On the Doctor.

THE ELEVENTH DOCTOR (CONT'D)

The war to end all wars between my people
and the Daleks.

The painting a frozen moment in time in a terrible conflict.

THE ELEVENTH DOCTOR (CONT'D)

And in that battle there was a man with
more blood on his hands...

CUT TO:

10:06:36 EXT. ARCADIA - NIGHT

An explosion fills the screen.

CUT TO:

10:06:50 EXT. ARCADIA - NIGHT

ON SCREEN GRAPHIC: ARCADIA

The Last Day of the Time War

People running through the debris, laser and flames all around.

A huge futuristic city. Domes, and spires, and temples, and pyramids -

- and it's ablaze. Plumes of black, raging fires, crashed space ships.

Closer now:

Daleks swooping through the air, down among the ruined buildings.

Holding now atop one of the buildings. Two soldiers manning a giant gun - like an ack ack gun, firing bursts of energy.

Blam! Blam! Direct hit! Three Daleks burst into flame, go crashing down to the street below.

Screams ring out from the Arcadians.

The gun and the soldiers are blasted into nothing. As the explosions and laser fire rain down.

The other Daleks stop, spin round on the gun -

The gun and the soldiers are blasted to nothing.

DALEKS
Exterminate!!

A ruined street - soldiers and civilians running and screaming and firing - energy bolts stabbing down from above.

DALEKS (CONT'D)
Exterminate!! Exterminate!!

CUT TO:

10:07:48 INT. ARCADIA. SHELL OF A BUILDING - DAY

The ruined shell of a building. The floors all blown out, the walls crumbling, the roof open to the sky.

The Time Lord soldier scrambles to find shelter. The building shakes, as explosions pound outside.

The soldier pulls a communicator from his jacket.

SOLDIER
Message for the High council, Priority
Omega. Arcadia has fallen. I repeat,
Arcadia has fallen.

But his radio just sputters back at him. *Damn it!!* He starts to hurry on -

- then stops, staring at what he sees.

Parked in corner of the building, is the TARDIS.

Over the soldier's shoulder, an out-of-focus figure steps into shot (we don't seem him clearly yet.)

THE OTHER DOCTOR
(From off)
Soldier, I'm going to need your gun.

Then it starts to rise up into the air, turning away.

DALEK

Alert! The Doctor is detected. Alert!
Alert!!

Wider on the street. All the Daleks freezing, the cry going from Dalek to Dalek.

DALEKS (OS)

The Doctor is surrounded. Inform high
command, we have The Doctor.

The Daleks on the ground and in the air, converging on the shattered building...

DALEKS
Destroy! Destroy!

The sound of the TARDIS can be heard.

The Daleks stop - *Crash!!*

Something blasts through the brickwork, smashing a hole right through it. The TARDIS!!

It whirls through the air, crashing straight into one of the Daleks, which falls flaming to the ground. It ricochets off into another Dalek, which is thrown into the side of a building, exploding into flames.

It spins, and whirls and now shoots straight up, hurtling off into the sky, and is gone.

DALEKS (CONT'D)
The Doctor is escaping.

The Dalek eyestalks follow it for a moment -

- then all turn to look at the hole blasted through the side of the building. The smoke is clearing, we can just about see the lettering the Doctor blasted into the internal wall.

Close on a Dalek iris, staring at this. Widens as if in fear.

Now panning up to the word the Doctor burnt into the wall -

'NO MORE'.

DALEK
What are these words? Explain!
Explain!

And the Soldier fires at the Daleks, and it explodes in a ball of flame!

Gallifrey at war. The city under the dome, but now there's a huge crack in it. Dalek ships are crashed all around.

CUT TO:

10:09:39 INT. GALLIFREY BUNKER - DAY

We are deep beneath the city, the Time Lord war rooms - like a cross between Churchill's underground war rooms and an Egyptian tomb.

Two men, striding along, both Time Lord military. The General - thick set, grizzled. And Androgar, younger, more nervous - doesn't think it shows.

ANDROGAR

The High Council is in emergency session, they have plans of their own -

THE GENERAL

To hell with the High Council, their plans have already failed.

CUT TO:

10:09:44 INT. GALLIFREY WAR ROOM - DAY, CONTINUOUS

A huge chamber, a huge central table emits a holographic display.

ON SCREEN CAPTION: GALLIFREY THE WAR ROOM

THE GENERAL

Gallifrey is still in the line of fire.
So he was there then?

ANDROGAR

He left a message, a written warning for the Daleks.

DOCTOR WHO 50th ANNIVERSARY EPISODE

The General staring into the hologram. It shows an image of the words NO MORE burned into the wall.

ANDROGAR (CONT'D)
He's a fool.

On the General. Less amused, grimmer.

THE GENERAL
No. He's a madman.

Androgar is now walking round the table briefing the General; the hologram has changed to the Dalek attack,

ANDROGAR
As you can see, sir, all Dalek fleets
surrounding the planet, now converging
on the capitol - but the Sky Trenches
are holding.

The General is barely listening.

THE GENERAL
Where did he go next?

On Androgar - puzzled by the General:

ANDROGAR
What does it matter? This is their
biggest ever attack, sir - they're
throwing everything at us...

A younger Time Lord is suddenly at the their side.

YOUNGER TIME LORD
Sir, we have a security breach to the
time vaults.

The three of them, now crowded round a schematic that hangs in the air in front of them. Clearly a diagram of a building. A red dot is flashing along the diagram corridors.

THE GENERAL
The Omega Arsenal. Where all the
forbidden weapons are locked away.

DOCTOR WHO 50th ANNIVERSARY EPISODE

ANDROGAR

They're not forbidden any more - we've
used all of them against the Daleks.

On the General. A moment of realisation - of horror.

THE GENERAL

No. No, we haven't.

CUT TO:

10:10:35 INT. THE OMEGA ARSENAL - DAY

Vast, ornate, stone-built - like high security cathedral. Alarms are sounding as Chancellery Guards (Time Lord security) come pounding in from every entrance, surrounding -

The General and Androgar, now pushing their way to the front.

The General, stepping up to the plinth, horror building on his face - a plinth in the centre of the room. It isn't huge, just enough to support one moderately sized statue -

- and it is empty!

THE GENERAL

It's gone. The Moment is gone.

ANDROGAR

I don't understand. What is the Moment,
I've never heard of it.

THE GENERAL

The galaxy eater. The final work of the
ancients of Gallifrey, a weapon so
powerful the operating system became
sentient. According to legend, it
developed a conscience.

ANDROGAR

And we've never used it?

mass destruction, when it can stand in
judgement on you? Who would even try.

CUT TO:

10:11:09 EXT. THE PLAINS - DAY

A desert plain, shimmering in the heat.

The TARDIS, parked in the baking heat.

THE GENERAL (OS)

There is only one man who would even
try?

ANDROGAR (OS)

The Doctor.

Panning down the TARDIS to see a single line of footprints leading
away from it.

THE GENERAL (OS)

He abandoned that name many years ago.
He was a man of peace then, but this
regeneration was born in war, and he
has grown old fighting it. I honestly
wonder what he's capable of now.

ANDROGAR (OS)

The drones are reporting that he's
entered the wastelands of the south,
what can he do there?

THE GENERAL

I fear we will found out very soon.

THE OTHER DOCTOR (OS)
Time Lords of Gallifrey, Daleks of
Skaro, I serve notice on you all. Too
long have I stayed my hand. No more.

DISSOLVE TO:

Overhead we see the figure walking, looks grim, tired, sweating in the heat. In one hand he grips a sack, and the sack looks heavy. He's looking at the barn now, considering.

A moment on him, this new (to us) version of the Doctor. This is the Doctor, as we never saw him, in the darkest chapter of his life - this is the man who fought in the Time War.

Older, more haggard. War torn, even. There are hints of the classic Doctors in his poise and manner but something of the military in him.

He has stopped and we see what he is looking at -

CUT TO:

10:11:54 EXT. BARN - DAY

Still some way off in the distance but h has reached a decision. Yep, the barn will do. Steps forward...

THE OTHER DOCTOR (OS) (CONT'D)
... today you leave me no choice, today
this war will end. No more. No more.

CUT TO:

10:12:02 INT. BARN - DAY

The barn - sprawling, ramshackle, visibly disintegrating. The desert light burns through many gaps in the decaying wooden walls.

There are a few items of rusting but clearly alien machinery here, left to rot.

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

On the Doctor's sack as it is dropped to the floor. He looks down at the bulky shape under the sack cloth. A look of disgust on his face.

But this has to be done.

He kneels by the sack, pulls from inside it -

- the Moment.

C/U Clockwork mechanism, cogs spinning around.

CUT TO:

10:12:27 INT. BARN - DAY

It is large-ish wooden box, intricately carved. Each side very different and while it looks like an ancient puzzle box, there is a hum power that suggests something more.

Carefully, the Doctor sets it down in the middle of the floor. Regards it from all angles.

He tries sliding a couple of the panels. Nothing.

Presses something that could be a switch. Nothing.

THE OTHER DOCTOR

How do you work? Why is there never a
big red button?

A noise from outside. He startles, turns. What was that? Somebody out there? A wolf howls.

The He stands, crosses to the door opens it.

OTHER DOCTOR (CONT'D)

Hello?

(Nothing)

Is somebody there?

Silence, emptiness. From the distance, a howling. From behind him, a voice...

ROSE (OS)

It's nothing.

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

The Doctor turns, startled.

A girl is sitting on top of the Moment. A mass of blond hair and a teasing stare. And to us, impossibly, she looks exactly like Rose Tyler.

ROSE (CONT'D)
Just a wolf.

THE OTHER DOCTOR
Don't sit on that.

ROSE
Why not?

He strides over to her, grabs her arm.

ROSE
Oy!

THE OTHER DOCTOR
Because it's not a chair - it's the most dangerous weapon in the universe.

He's practically throws her out the door, slams it, turns -
- to see her back sitting on the box.

ROSE (OS)
Why can't it be both?

The Doctor: momentarily startled.

ROSE (CONT'D)
Why d'you park so far away? Didn't you want her to see it?

THE OTHER DOCTOR
...Want *who* to see?

ROSE
The TARDIS.

The Doctor: rocked now. How does she know about the TARDIS?

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

Rose jumps to her feet, skips over to the door, opens it. The desert stretching far, far away.

ROSE (CONT'D)
You walked for miles. And miles and miles and miles and miles.

THE OTHER DOCTOR
I was thinking!

ROSE
I heard you.

THE OTHER DOCTOR
You heard me?

ROSE
No more!

The Doctor: startled. What's going on here. Who is this girl, how does she know so much.

She's now stomping round the barn, in a childish imitation of the Doctor, punctuating each stomp of her foot with:

ROSE (CONT'D)
No! More!

CUT TO:

10:13:42 Flash of The Other Doctor -

And in that moment, we see a flash of this man. Nearer the edge, angrier - the battle-weary Doctor, ready to fight.

THE OTHER DOCTOR

No more.

THE OTHER DOCTOR

Stop it!

ROSE

No more! No more!

A flash of anger: he grabs her arm, yanking her round.

THE OTHER DOCTOR

Who are you?

Now distracted by -

...a wooden clicking from behind him. He turns.

THE OTHER DOCTOR (CONT'D)

It's activating. Get out of here!

He kneels at the box, working at it, moving his hands over its surfaces, trying to work out what to do. Rose's eyes flash with fire, a sizzled is heard at The Doctor touches the sides of the box.

THE OTHER DOCTOR (CONT'D)

Ow!

He's snatched his hand away from the box.

ROSE (OS)

What's wrong?

THE OTHER DOCTOR

The interface is hot.

ROSE

Well I do my best.

THE OTHER DOCTOR

(Concentrating on the box)

There's a power source inside -

He breaks off, registering what she just said. Gets it.

Freezes. Stands, looks round at Rose. Who is smiling at him now. Knowing, flirtatious.

THE OTHER DOCTOR (CONT'D)

...You're the Interface?

ROSE

They must have told you the Moment had
a conscience.

(Gives him a cheery wave)

Hello!!

The Doctor looks between the girl and the box.

ROSE (CONT'D)

Oh, look at you. Stuck between a girl
and a box. Story of your life, eh,
Doctor?

THE OTHER DOCTOR

...you know me?

ROSE

I hear you. All of you, jangling around
in that dusty old head of yours. I chose
this face and form especially for you
- do you like it? It's from your past.
Or possibly your future - I always get
those two mixed up.

THE OTHER DOCTOR

I don't have a future.

ROSE

I think I'm called - Rose Tyler. No,
yes, no, sorry. In this form, I'm
called - Bad Wolf! Are you afraid of
the big bad wolf, Doctor?

THE OTHER DOCTOR

Stop calling me Doctor.

ROSE

It's the name in your head.

THE OTHER DOCTOR

It shouldn't be. I've been fighting
this war for a very long time - I lost
the right to be the Doctor.

DOCTOR WHO 50th ANNIVERSARY EPISODE

ROSE

Then you're the one to save us all.

THE OTHER DOCTOR

Yes.

ROSE

If I ever develop an ego, you've got the job.

THE OTHER DOCTOR

If you've been inside my head, then you know what I've seen. The suffering. Every moment in time and space is burning. It must end! And I intend to end it, the only way I can.

ROSE (OS)

And you're going to use me to end it by killing them all, Daleks and Time Lords alike. There will be consequences for you.

THE OTHER DOCTOR

I have no desire to survive this.

ROSE

Then that's your punishment. If you do this - if you kill them all - then that's the consequence. You... *live!*

On the Doctor's face. What? She's landed her first blow. Didn't expect that. Visibly pales.

ROSE (CONT'D)

Gallifrey. You're going to burn it, and all those Daleks with it - but all those children too. How many children on Gallifrey right now?

CUT TO:

10:16:49 INT. BARN - DAY

ROSE
One day you will count them. One
terrible night. Do you want to see what
that will turn you into?

The Doctor, staring at her. Troubled at that thought, a little
haunted -

ROSE (CONT'D)
Come on! Aren't you curious?

A tremendous rush of wind. The Doctor looks round, stares.

Hanging in the air, a portal has opened up, a vortex. Roughly
circular, dark at the centre, burning round the edges.

ROSE (CONT'D)
I'm opening windows on your future.

ROSE (OS) (CONT'D)
A tangle in time through the days to
come. To the man today will make of you.

- and the growing tension is punctured as something comes arcing
through the portal and lands at the Other Doctor's feet.

The Doctor and Rose stare down at it.

It's a fez.

ROSE (CONT'D)
...okay, I wasn't expecting that.

CLARA (OS)

But the Time War is over, why have you brought us here to look at a painting.

KATE (OS)

The painting only serves as Elizabeth's credentials, proof that the letter is from her, it's not why you're here.

The Doctor breaks open the seal to the letter, CU of letter as we hear the letter read by Elizabeth.

ELIZABETH (VO)

My dearest love, I hope the painting known as Gallifrey falls will serve as proof that...

ELIZABETH (VO)

Beware Doctor that the rooms you are about to enter are no mere Gallery, but a prison, built to contain great danger to all my kingdom. Step carefully gentle husband.

At the end of the room, Another painting - this one of Queen Elizabeth the 1st. Panning to the figure standing next to her, clasping her hand. It's quite recognisably the Tenth Doctor...

CLARA (OS)

So, Elizabeth the first? You knew her then?

On Elizabeth in the portrait -

THE ELEVENTH DOCTOR

It was a long time ago.

THE ELEVENTH DOCTOR (OS) (CONT'D)

DISSOLVE TO:

10:19:08 EXT. ROLLING GREEN FIELDS - DAY

A river bank next to rolling fields, and standing next to the river - the TARDIS!!

Words fade up:

ON SCREEN CAPTION: *ENGLAND, 1562*

We hear the pounding of horse's hooves, but we can't see from where. Then a familiar voice cries out.

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

THE TENTH DOCTOR (OS)
(From within the TARDIS)
Allons-y!

And a horse comes thundering *out of the TARDIS*. There are two riders, both ducking down to get through the doors.

The horse slows to a canter, and both riders look around. At the reigns is, of course, the Tenth Doctor. Clinging on behind him is a red-headed woman in fabulous clothes. In fact, Elizabeth the first.

THE TENTH DOCTOR (CONT'D)
There you go, your majesty, what did I tell you? Bigger on the inside!

ELIZABETH
The door isn't - you nearly took my head off.
(Snuggles fondly into him)
It's normally me who does that.

CUT TO:

10:19:32 EXT. FOREST GLADE - DAY

A picnic in a forest clearing. The Doctor and the Queen, relaxed together, on a spread blanket. The horse stands behind them. Clearly this is a romantic encounter.

A fairy-tale setting. A story-book vision of Queen and Time Lord.

ELIZABETH (OS) (CONT'D)
Tell me, Doctor, why I'm wasting my time on you, I have wars to plan.

THE TENTH DOCTOR
You have a picnic to eat.

ELIZABETH
You could help me.

THE TENTH DOCTOR

Oh, I've seen conflict like you
wouldn't believe. But it wasn't this
face.

Beat.

THE TENTH DOCTOR (CONT'D)

But never mind that - your majesty, on
your feet! - up, up!

ELIZABETH

How dare you! I'm the Queen of England.

THE TENTH DOCTOR

I'm not English.

She stares - a little affronted, but more charmed. She climbs
to her feet.

And the Doctor is promptly on one knee in front of her.

THE TENTH DOCTOR (CONT'D)

Elizabeth - will you marry me?

ELIZABETH

Oh, my dear sweet love. Of course, I
will.

On the Doctor, looking up at her, eyes alight with mischief.

THE TENTH DOCTOR

Aah! Gotcha!

ELIZABETH

...my love?

The Doctor, leaping to his feet - whole manner has changed now,
exuberant, triumphant.

DOCTOR WHO 50th ANNIVERSARY EPISODE

THE TENTH DOCTOR

One! The real Elizabeth would never have accepted my marriage proposal. Two! The real Elizabeth would *notice* when I just casually mention having a different face. But then the real Elizabeth isn't an alien shape-shifter from outer space! And - *ding!!*

He's pulled a typical Doctory lash-up contraption from his pocket. It is flashing red.

ELIZABETH

What's that?

THE TENTH DOCTOR

It's a machine that goes *ding!* Made it myself - it lights up in the presence of shape-shifter DNA! Also it can microwave frozen dinners from up to twenty feet and download comics from the future - I never know when to stop.

ELIZABETH

My love, I do not understand.

THE TENTH DOCTOR

I'm not your love, and yes you do! You're a Zygon.

ELIZABETH

A Zygon??

THE TENTH DOCTOR

Oh, stop it, it's over. A Zygon, yes. A big red rubbery thing, covered in suckers, surprisingly good kisser. Do you think the real Queen of England would just decide to share the throne with any old handsome bloke in a tight suit, just cos he's got amazing hair and a nice horse??

As he says this he gestures to the horse -

- and double-takes.

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

Because standing where the horse was, is a man-shaped rubbery, red thing, covered in suckers - a Zygon!

THE TENTH DOCTOR (CONT'D)
Oh, it was the horse. Not the Queen the horse.

She stares, stricken silent by horror.

The Doctor stares, trying to process all this.

THE TENTH DOCTOR (CONT'D)
(A beat)
I'm gonna be *King*!!

The Zygon is stretching its mouth open - rows of glittering, slime-dripping fangs. Now reaching its suckered hands -

THE TENTH DOCTOR (CONT'D)
Run!!

He grabs Elizabeth's hand - they start racing through the trees.

As they run:

ELIZABETH
I don't understand!! What's happening??

THE TENTH DOCTOR
We're being attacked by an
shape-shifting alien from outer space,
formerly disguised as my horse.

ELIZABETH
What does that mean??

THE TENTH DOCTOR
It means, we're going to need a new horse.

A bellow and crashing from behind them.

ELIZABETH (OS)
Where's it going?

THE TENTH DOCTOR

I'll hold it off, you run - your people
need you!

ELIZABETH

And I need you - alive for our wedding

She kisses him hard, and races off.

THE TENTH DOCTOR

Oh, good work, Doctor, nice one! The
Virgin Queen - so much for history!

10:21:45 EXT. GLADE - DAY

Elizabeth running through the woods, pursued by the Zygon.

The Doctor, now scanning the woods, the contraption pings.

Closer the Zygon chases after the Elizabeth, C/U of Zygon - and
Elizabeth screams!

The Tenth Doctor in pursuit - ping!

THE TENTH DOCTOR

Whoa, whoa -

A sudden movement from behind him. He whirls.

A large rabbit sits there, looking querulously up at him.

THE TENTH DOCTOR (CONT'D)

Oh, very clever.

The Doctor raises his screwdriver, aims it.

THE TENTH DOCTOR (CONT'D)

Whatever you've got planned, forget it.
I'm the Doctor. I'm 904 years old. I'm
from the planet Gallifrey in the
constellation of Kasterborous. I'm the
oncoming storm, the bringer of

aren't you?

He says this because the rabbit has started grazing. It now scampers
off among the trees.

THE TENTH DOCTOR (CONT'D)
Okay, carry on - just a general warning.

He bashes the contraption, ping!

ELIZABETH (OS)
(From off - a terrible
scream)
Doctor!!

The Doctor turns and races towards the scream.

Elizabeth!!

He's at her side, helping her up.

ELIZABETH
That thing, explain what it is! What
does it want of us??

THE TENTH DOCTOR
That's what I'm trying to find out.
Probably just your planet.

Another voice, from off.

ELIZABETH 2 (OS)
Doctor?

The Doctor looks round. Oh dear God! Another, identical Elizabeth is staring.

ELIZABETH 2 (CONT'D)
Step away from her, Doctor - that's not me, that's the creature.

Elizabeth, staring.

ELIZABETH
How is that possible? She's me. Doctor, she's *me*!!

ELIZABETH 2
I am, indeed, me. A compliment that cannot be extended to yourself.

ELIZABETH
Extraordinary! The creature has captured my exact likeness - this is exceptional.

The two Queens now circling one another. The shock is over, they've recovered their poise.

ELIZABETH 2
Exceptional? A Queen would call it impertinent.

ELIZABETH
A Queen would feel compelled to admire the skill of the execution - before arranging one.

He's got his gizmo out again - but there's no *ding*! He slaps the side of it.

THE TENTH DOCTOR
Ah! It's not working!

ELIZABETH
One might surmise that the creature would learn quickly to protect itself from any simple means of detection.

DOCTOR WHO 50th ANNIVERSARY EPISODE

ELIZABETH 2

Clearly you understand the creature
better than I. But then, you have the
advantage.

And suddenly a blast of white light, a thunderous crackling -

- and the same portal we saw in the barn opens up -

THE TENTH DOCTOR

Back, both of you, now!! That's a time
fissure, a tear in the fabric of reality.
Anything could happen!!

As if in response, a fez comes flying through the portal, lands
at the Doctor's feet.

THE TENTH DOCTOR (CONT'D)

...for instance, a fez.

The Doctor is kneeling on the floor, examining something.

THE ELEVENTH DOCTOR

Stone dust.

KATE

In twelve hundred years I've never stepped in anything that wasn't.

CLARA (OS)
Because someone vandalised some paintings?

THE ELEVENTH DOCTOR
Interesting.

CLARA
The broken glass?

THE ELEVENTH DOCTOR
No, where it's broken from - look at the shatter pattern. The glass on all these paintings was broken from the *inside*.

KATE
As you can see, all the paintings are landscapes - no figures of any kind.

Dangerous.

A little alarmed now, she looks around the darkened Under Gallery.

KATE
This whole place has been searched.
There's nothing here that shouldn't be,

A crackle and roar!

They startle, turn. At the end of the corridor, wavering in the air -

- the portal from before.

THE ELEVENTH DOCTOR
Oh no! Not now!

CLARA
Doctor, what is it?

THE ELEVENTH DOCTOR

Malcolm, I need you to send me one of
my father's incident files - code named
Cromer. Seventies or Eighties,
depending on the dating protocol.

She's passing a small side corridor - holding on that. Silhouetted against the dim light of this corridor is the unmistakable silhouette of a Zygon...

THE ELEVENTH DOCTOR (CONT'D)
It's not working.

THE TENTH DOCTOR
We're *both* reversing the polarity!

THE ELEVENTH DOCTOR
Yes, I know that.

THE TENTH DOCTOR
There's two of us - I'm reversing it
and you're reversing it back again!!
We're *confusing* the polarity.

A crackle, a blast of light and -

THE OTHER DOCTOR (OS)
Anyone lose a fez?

The Doctors freeze - look round.

The Other Doctor, just standing there in front of the portal.
The one they tried to forget. He tosses the fez at their feet.
They stare at him, identical expressions of horror.

THE TENTH DOCTOR
You. How can you be here? More to the
point, why are you here?

The Other Doctor, looking between them, a little puzzled at this
reaction.

And now you see them all together, the contrast is clear. The
older man, his two younger replacements.

THE OTHER DOCTOR

Good afternoon. I'm looking for the Doctor.

The other two Doctors exchange a glance. The mood has changed. They're genuinely troubled at this new arrival. Finally:

THE TENTH DOCTOR

Well. You've certainly come to the right place.

They look at him. Expecting him to get it any second.

THE OTHER DOCTOR

Good. Right.

(A blank moment)

Well who are you boys?

The Eleventh and Tenth look at each other. *Boys??*

THE OTHER DOCTOR (CONT'D)

Ah, of course - are you his companions?

THE ELEVENTH DOCTOR

His *companions??*

THE OTHER DOCTOR

They get younger all the time!

Well if you could point me in the general direction of the Doctor...

The Tenth Doctor raises his screwdriver, clicks it to make the noise. The Eleventh does the same.

Again, they're both just confirming their identities.

The Other Doctor looks between them - the older man inspecting his younger replacements, not even understanding what he's seeing.

THE OTHER DOCTOR (CONT'D)

Really?

THE ELEVENTH DOCTOR

Yeah.

THE ELEVENTH DOCTOR

Yes!

THE OTHER DOCTOR

You're my future selves.

THE ELEVENTH DOCTOR

Yes!

THE TENTH DOCTOR

Yes!

THE OTHER DOCTOR (CONT'D)

...am I having a mid-life crisis?

He's stepped closer -

- and both other Doctors are now stepping back, raising their screwdrivers, levelling them at him.

THE OTHER DOCTOR (CONT'D)

Reluctantly they lower their screwdrivers, recovering their composure.

THE ELEVENTH DOCTOR

Brave words, Dick Van Dyke.

- and there's a crashing through the trees and suddenly the clearing is filling with Elizabethan soldiers. Their leader, a nobleman, young, dashing - Lord Bentham! He looks furious.

The Doctors spin - what the hell now?? Instinctively Eleven and Ten have aimed their screwdrivers at the newcomers.

LORD BENTHAM (OS)

LORD BENTHAM

The Eleventh Doctor seizes the moment.

THE ELEVENTH DOCTOR
Ah, yes! Now that you mention it, that is witchcraft, yes, yes, yes. Witchy-witchcraft.

Osgood, examining stone dust, in the palm of her hand.

OSGOOD
Marble, granite - a lot of different
stone, but none of it from the fabric
of the building.

With her is McGillop, who glances at her.

OSGOOD (CONT'D)
Like somebody smashed up a lot of old
statues. Are there any missing?

MCGILLOP
Don't think so.

And she just breaks off, staring - epiphany!

MCGILLOP (CONT'D)
Why would anyone do that anyway? I mean
I know we're meant to keep an open mind,
but are we supposed to believe in
creatures that can hide in oil
paintings and have some sort of a grudge
against statues...

He now sees Osgood. She's reached for her inhaler, now takes a gulp, she's trembling.

MCGILLOP (CONT'D)

Osgood turns to him. She's so frightened. Speaks in a whisper.

OSGOOD
We have to go. Right now, this minute.

MCGILLOP
What's wrong?

OSGOOD
The things from the paintings... I know
why they smashed the statues...

MCGILLOP
Why?

She leans in - an even quieter whisper.

OSGOOD
...because they needed somewhere to
hide.

McGillop, now looking round - all the shrouded statues, looming in the semi-darkness. His eyes widen, getting it. He takes a worried step back -

- and a shroud is thrown back from the statue directly behind, revealing a Zygon, already reaching for him!!

McGillop, screaming, stumbling back.

Osgood, also screaming - turning and running now -

- and all the shrouded statues are turning to watch her go!

Oh my God! She screams, stumbles racing away.

Shrouds are falling from the statues - they're all Zygons!!

Oh God! The Zygon, is advancing.

Nowhere to go.

Osgood: oh God, oh God!!

The Zygon advancing, taking its time, all the time in the world. It starts to reach out its stumpy fingered hand...

Osgood, now pressed into the corner, eyes closed, inhaler gripped in her hand. She's muttering fiercely, over and over, like a mantra, as she raises her hands to cover her head -

OSGOOD

The Doctor will save me, the Doctor will

Revealing Kate 2 and Clara, now heading briskly along.

KATE 2 (OS)
The Black Archive. Highest security
rating on the planet. The entire staff
have their memories wiped at the end
of every shift. Automated memory
filters on the ceiling.

At intervals in the ceiling there are round units, metal spirals,
built in.

They are now ducking under an arch -

- to where a uniformed man (Atkins) sits at a desk, on guard.
Impressive steel doors behind him.

He stands as Kate 2 enters.

CLARA
Lock and key - bit basic, isn't it?

KATE 2
Can't afford electronic security down here - got to keep the Doctor out. The whole of the Tower is TARDIS proofed. He really wouldn't approve of the collection.

Think about it! Americans with the ability to rewrite history? You've seen their movies.

CLARA

Okay - so this is how we're going to rescue the Doctor.

KATE 2

I'm not sure there's enough power for a two-way trip - but in any event, we don't know the activation code. The Doctor knows we have this, so he's always kept the activation code from us. Let's hope he changes his mind.

CLARA

Should they be here? Why have they followed us?

KATE 2

Oh, they've probably just finished disposing of the humans a bit early.

On Clara: what...?

CLARA

The humans?

KATE 2

Dear me! I really do get into character don't I?

She calmly sets her phone down on the table, and with a terrible, tearing rubbery sound, she's swelling, and growing and changing... becoming a Zygon.

We'd have to calculate the exact harmonic resonance of the entire structure down to a sub-atomic level. Even the sonic would take years.

THE OTHER DOCTOR

No, no. The "sonic" would take centuries. Mind you, we might as well get start it would help pass the "timey-wimey". Do you have to talk like children. What is it that made you so ashamed of being a grown up?

A silence. They don't look at him. And then they do - and it's like an answer.

THE OTHER DOCTOR (CONT'D) (CONT'D)

The way you both look at me. What is that? I'm trying to think of a better word than 'dread'.

A silence. Then:

THE TENTH DOCTOR

Recent?

THE ELEVENTH DOCTOR

Go on. Ask them. Ask them what you need to know.

Another brief silence - the sonic drilling away.

THE OTHER DOCTOR

THE ELEVENTH DOCTOR

Count what?

THE OTHER DOCTOR

How many children there were on Gallifrey that day.

A silence. The sonic stops drilling for a moment. A beat of silence.

THE ELEVENTH DOCTOR

Four hundred years older than me. And

The Eleventh looks at him in surprise. The Other is fascinated.

THE OTHER DOCTOR

THE ELEVENTH DOCTOR

No. You really wouldn't.

The Eleventh has turned back to the wall, resumed his work.

On the Other Doctor, staring at his future selves, fascinated
by their argument.

THE OTHER DOCTOR

I don't know who you are. Either of you.
I haven't got the faintest idea.

ROSE

They're you. They're what you will

The moment is coming. The moment is near

THE TENTH DOCTOR

THE ELEVENTH DOCTOR

THE TENTH DOCTOR

...Yep. Still going.

The Tenth looks to the Eleventh - who looks at his screwdriver.
That same expression - somehow gobsmacked by this simple proof
that they're all the same.

THE ELEVENTH DOCTOR

...Calculation complete.

They all stare at each other.

Rose now smirking at the Other Doctor from across the cell.

Same software. Different face.

THE ELEVENTH DOCTOR

400 years in four seconds, we may have
our differences - which is frankly odd,
in the circumstances - but I tell you
what boys, we are incredibly clever!

Even the Other Doctor smiles slightly at that. The Tenth Doctor
gives a rueful grin.

The Eleventh Doctor turns to level his screwdriver at the door
- then, slightly deflatingly, the door opens and Clara steps in.

THE ELEVENTH DOCTOR (CONT'D)

How did you that?

DOCTOR WHO 50th ANNIVERSARY EPISODE

CLARA
It wasn't locked.

THE ELEVENTH DOCTOR
Right.

They just stare at her some more. *What???*

CLARA (CONT'D)
(Looks at the other two, just
a little freaked)
So. They're both you, yeah.

THE ELEVENTH DOCTOR
Yeah. You met them before, don't you
remember?

CLARA
A bit. Nice suit.

THE TENTH DOCTOR
Thanks.

CLARA
Hang on. Three of you in one cell, and
none of you thought to try the door.

THE OTHER DOCTOR
It should have been locked.

THE ELEVENTH DOCTOR
Yes, exactly! Why wasn't it locked??

ELIZABETH
(From off)
Because I was fascinated to see what
you would do upon escaping.

They all spin -

- to see Queen Elizabeth, standing in the doorway.

ELIZABETH (CONT'D) (CONT'D)
I understand you're rather fond of this
world. It's time, I think, you saw
what's going to happen to it.

She turns and heads away, clearly expecting them to follow...

CUT TO:

10:43:38 INT. UNDER GALLERY. SCULPTURE ROOM - DAY

On Osgood, peering through the hole smashed through Elizabeth's painting.

The Under Gallery, quiet now - deserted apart from her. Or is it?

A low moan, emitting from somewhere. Sounds human, but can you trust that? She peers round.

A couple of the shrouded statues nearby. The nearest shroud is twitching - that moan again. Beneath the shroud we can just see a very human, female foot. Kate's.

Cautiously - can she trust this - Osgood edges forwards, lifts back the shroud.

Kate Stewart! She's been tied to the plinth by strings of red, rubbery organic matter - like extrusions of Zygon. She's half-conscious.

OSGOOD
Kate? Oh, goodness, you're not
actually dead, oh, that's *tremendous*
news.

Osgood now pulling at the stringy red tendrils, freeing her boss.

OSGOOD (CONT'D)
Those creatures, they turn themselves
into copies. They need to keep the
original alive, refresh the original,
so to speak.

KATE

Where did... where did they go?

OSGOOD

I don't know. Oh, hang on yes I do. The Tower.

On Kate - new thought impacting.

KATE

If those creatures have got access to the Black Archive - we may just have lost control of the planet.

She's already heading towards the exit.

CUT TO:

10:44:33 INT. TOWER. LOWER CHAMBER / ZYGON NEST (1562) - DAY

A stone chamber, full of Zygon technology. Extrusions of rubbery red Zygon stuff trail over the stonework like ivy. Zygons at work at various Zygon consoles.

Elizabeth is leading the way through the doors, on to the gantry, which looks down upon the Zygons. Clara and the Doctors follow.

ELIZABETH

The Zygons lost their own world - it burned in the first days of the Time War. A new home is required.

CLARA

So they want this one.

ELIZABETH

Not yet. Far too primitive. Zygons are used to a certain level of comfort.

A Zygon has lumbered on the gantry with them.

DOCTOR WHO 50th ANNIVERSARY EPISODE
POST PRODUCTION SCRIPT

ZYGON

Commander, why are these creatures here?

ELIZABETH

Because I say they should be.
It is time you too were translated.

ELIZABETH (CONT'D)

Observe this - I believe you will find it fascinating.

The Zygon has lumbered over to a simple unit mounted on the wall. The central feature of it is a gleaming sphere. Beneath the sphere - connected by a tangle of elaborate technology - is one of the 3D paintings.

The Zygon places his hand on the sphere, glows and then simply disappears. For a moment it's almost as if he fragments into data and streams into the sphere.

On the 3D picture. As they watch, the lumpen figure of the Zygon materialises inside it.

CLARA

That's him? That's the Zygon, in the picture now.

THE OTHER DOCTOR

It's not a picture, it's a Stasis Cube. Time Lord art - frozen instants in time, bigger on the inside. But I suppose it could be deployed as -

THE TENTH DOCTOR

Suspended animation. Oh, that's very good. The Zygons all pop inside the pictures, wait a few centuries till the planet is a bit more interesting, then out they come.

THE ELEVENTH DOCTOR

You see, Clara? They're stored in the paintings in the Under Gallery, like cuppa-soups. Except you add time! If you can picture that. Nobody could

DOCTOR WHO 50th ANNIVERSARY EPISODE

picture that. Forget I said
cuppa-soups.

CLARA

And now the world is worth conquering.
So the Zygons are invading the future
from the past.

THE ELEVENTH DOCTOR

Exactly!

The Tenth Doctor now rounds on Elizabeth.

THE TENTH DOCTOR

And do you know why I know that you're
a fake. Because you're such a bad copy.
It's not just the smell, or the
unconvincing hair, or the atrocious
teeth, or the eyes just a bit too close
together or the breath that could stun
a horse - it's because my Elizabeth,
the *real* Elizabeth would never have
been stupid enough to reveal her own
plan. Honestly, why would you do that?

A beat of staring from Elizabeth, and -

ELIZABETH

Because it's not my plan and I am the
real Elizabeth.

A short silence. Digesting.

THE TENTH DOCTOR

...okay. So back-tracking a moment,
just to lend context to some of my
earlier remarks...

ELIZABETH

My twin is dead in the forest - I am
accustomed to taking precautions.

(She reveals a hidden
dagger)

These Zygon creatures never even
considered that it was me who survived,

rather than their own commander. The
arrogance that typifies their kind.

CLARA

Zygons?

ELIZABETH

Men.

CLARA

And you actually killed one of them?

ELIZABETH

I may have the body of a weak and feeble
woman - but at the time, so did the
Zygon.

(To Number Ten)

The future of my kingdom is imperilled.
Doctor - can I rely on your service?

THE TENTH DOCTOR

Well I'm going to need my TARDIS.

ELIZABETH

It has been procured already. But first,
my love - you have promise to keep!

On the Other and Eleventh, watching.

THE OTHER DOCTOR
Is there a lot of this in the future?

THE ELEVENTH DOCTOR
It does start to happen, yeah.

Suddenly the Tenth Doctor is pulling away from Elizabeth.

ELIZABETH
God speed, my love.

THE TENTH DOCTOR
I will be right back.

He hares off, clearing frame to reveal the Eleventh Doctor and Clara.

THE ELEVENTH DOCTOR (OS)
We need to get to the under gallery.

CUT TO:

10:47:46 INT. TENTH DOCTOR'S TARDIS - DAY

The Doctors and Clara come piling through the door. The Tenth Doctor races for his console. Eleventh Doctor follows, now carrying the silver sphere we saw him working on earlier.

THE TENTH DOCTOR
Oh, you've redecorated - I don't like it!

THE ELEVENTH DOCTOR
Oh, oh, yeah, oh you never do! Listen, we're going to the National Gallery - the Zygons are underneath it.

CLARA
No, UNIT HQ, they followed us there. They're in the Black Archive.

The three Zygon duplicates are moving among the shelves of the huge, shadowy store room. Panning now to the only Zygon in its native form - the Kate Zygon. McGillop 2 appears next to it.

MCGILLOP 2

The equipment here is phenomenal. The humans don't realise what half of this stuff does - we could conquer their world in a day.

KATE ZYGON

We were fortunate then in our choice of duplicates.

MCGILLOP 2

If I were human, I'd say it was Christmas.

KATE (OS)

No. I'm afraid you wouldn't.

The Zygon and the human-form duplicates turn.

Kate is leading the real McGillop and Osgood through the door.

KATE (CONT'D)

We're not armed. You may relax.

KATE ZYGON

We *are* armed. You may not.

KATE

Kate 2 takes a chair opposite Kate, a few feet in front of her. Osgood 2 and McGillop 2 stand at her shoulders, mirroring the originals.

Osgood 2 coughs slightly.

The original Osgood flashes her a malignant look, and ostentatiously uses her inhaler.

KATE
You will realise there are protocols protecting this place. Osgood -

OSGOOD
In the event of alien incursion, the contents of this room are deemed so dangerous it will self-destruct in...

Kate raises her data-pad, clicks something. A counter illuminates on the wall, starts clicking down from -

KATE
Five minutes.

KATE (CONT'D)
There's a nuclear warhead twenty feet beneath us.

THE ELEVENTH DOCTOR (OS)
"Science leads" - is this what you meant,
Kate. Is this what your father meant?

KATE (OS)
Doctor?

They are all looking round? Where the hell is the Doctor's voice
coming from.

Now homing in on - a dusty old unit, like a computer and monitor

So complex for him, because he hasn't done it yet.

Osgood 2 nods, agrees. Takes the inhaler, uses it.

Now on the Other Doctor. He's sitting off by himself, sipping some tea, lost in his own dark thoughts. Clearly he's disengaged from the others. As he sips, Clara appears by him. Just pulls up a chair, sits opposite him.

CLARA

shakes her head unable to speak.

THE ELEVENTH DOCTOR (CONT'D)

What? What is it, what?

CLARA

Nothing...

The Eleventh Doctor, now crossing to her, his eyes avid on her
- like she's the answer to all his problems.

THE ELEVENTH DOCTOR

No. It's something. Tell me!

CLARA

...you told me you wiped out your own
people. I'd just...I never pictured
you doing it. That's all.

ROSE

Take a closer look!

A wave of her hand - and suddenly it's like the walls disappear.

They stand in the ruined streets, civilians protecting their children.

CLARA (OS)
What's happening??

THE OTHER DOCTOR (OS)
Nothing - it's a projection.

ROSE (OS)
It's the reality around you.

Images from the cities of Gallifrey. Men and women, running for their lives, Daleks firing on them.

CLARA
These are the people you're going to burn??

Laser fire, and explosions rings out.

THE TENTH DOCTOR
There isn't anything we can do.

THE ELEVENTH DOCTOR
He's right. There isn't another way, there never was. Either I destroy my own people or let the universe burn.

CLARA
Oh, look at you. The three of you. The warrior...
(Looks to the Other)
The hero.
(Looks to the Tenth)
And you.
(Looks to the Eleventh)

THE ELEVENTH DOCTOR
And what am I?

CLARA
Have you really forgotten?

THE ELEVENTH DOCTOR

Yes. Maybe, yes.

CLARA

We've got enough warriors, any old
idiot can be hero.

Sirens ring out, haunting.

THE ELEVENTH DOCTOR

Then what do I do?

CLARA

What you've always done. Be a *doctor*!

On the Eleventh Doctor's face - that lands. That impacts. New
light in his eye. Dawning hope. There might be another way.

CLARA (OS) (CONT'D)

promise. What was the promise?

The Doctors, now looking at each other. A memory - the day they
chose their name. Their voices now so quiet.

THE TENTH DOCTOR

Never cruel or cowardly.

THE OTHER DOCTOR

Never give up, never give in.

A silence, the Doctors looking at each other.

Parents are seen reaching for their children, families reunited
in the daylight.

THE TENTH DOCTOR
...you're not actually suggesting we
change our own personal history?

THE ELEVENTH DOCTOR
We change history all the time. I'm
suggesting something far worse.

THE OTHER DOCTOR
What, exactly?

THE ELEVENTH DOCTOR
Gentleman, I've had four hundred years
to think about this.
(A smile. A grin. He's back!)
I've changed my mind.

He raises his screwdriver. Sonics. The big red button descends
back into the box. It closes.

THE OTHER DOCTOR
There's still a billion, billion
Daleks up there, attacking.

THE ELEVENTH DOCTOR (OS)
Yeah, there is, there is.

The Tenth Doctor, also starting to grin. The terrible load is
lifting.

THE TENTH DOCTOR
But there's something those billion,
billion Daleks don't know.

THE ELEVENTH DOCTOR
Cos if they did, they'd probably send
for reinforcements.

CLARA
What, what don't they know?

Oh!! Oh, yes, that is good, that is
brilliant!

THE TENTH DOCTOR
Yes, I'm getting that too, that's
brilliant!

THE ELEVENTH DOCTOR
I've been thinking about it for
centuries!!

THE OTHER DOCTOR
She didn't just show me any old future.
She showed exactly the future I needed
to see!

And Rose passes briefly through the shot behind him.

ROSE
Now you're getting it.

THE ELEVENTH DOCTOR
Aye? Who did?

THE OTHER DOCTOR
Oh, Bad Wolf Girl, I could kiss you.

Again, Rose flits through another part of the shot.

ROSE
Yep, that's going to happen.

Both the Tenth and Eleventh Doctors now looking wildly round the barn - God, she's not here, is she??

From both their POVs we see glimpses of Rose just stepping out of sight - behind a wall, perhaps behind Clara.

CLARA

What do you mean? What's the plan?

Now the Doctors talking together, overlapping each other, seamless - one man, three times.

THE OTHER DOCTOR

The Dalek fleets are surrounding Gallifrey, firing on it constantly.

THE TENTH DOCTOR

The sky trench is holding, but what if the whole planet just disappeared?

CLARA

Tiny bit of an ask.

THE TENTH DOCTOR

The Daleks would be firing at each other - they'd destroy themselves in their own crossfire.

THE OTHER DOCTOR

Gallifrey would be gone, the Daleks would be destroyed - it would look to the rest of the universe as if they've annihilated each other.

CLARA

But where would Gallifrey be?

THE TENTH DOCTOR

Frozen! Frozen in an instant of time, safe and hidden away.

(He looks hard at him)

Gallifrey Falls No More. Now what would you think that means, aye?

THE ELEVENTH DOCTOR

THE CURATOR

I'm only a humble curator, I'm sure I wouldn't know.

THE ELEVENTH DOCTOR

Then where is it?

THE CURATOR

Where is it indeed. Lost, ssh, perhaps, things do get lost, you know. Now you must excuse me - oh, you have a lot to do.

THE ELEVENTH DOCTOR

Do I? Is that what I'm supposed to do now? Go looking for Gallifrey?

THE CURATOR

Oh, that's entirely up to you. Your choice. I can only tell you what I would do, if I were you. If I were you, or perhaps I was you of course, or perhaps you are me - congratulations.
