0A INT. TARDIS - DAY 7

0A

THE DOCTOR and MARTHA brace themselves as the TARDIS lands.

THE DOCTOR

There we are. Perfect landing. Which isn't easy in such a tight spot.

MARTHA

You should be used to tight spots by now!

*

Martha goes to the door.

MARTHA (CONT'D)

(excited)

Where are we?

*

THE DOCTOR

The end of the line. No place like it.

*

He indicates that she can go outside. She opens the door.

CUT TO:

1 INT. LIVING ROOM. MARTHA'S FLAT - DAY 7 - CONTINUOUS

1

MARTHA steps out into her own living room.

The room is small and a little untidy. Books and mugs on the coffee table. CDs on the floor. Tights and underwear drying on the radiators.

MARTHA

Home? You took me home.

*

THE DOCTOR comes out behind her, pleased with himself.

THE DOCTOR

Back to the morning after we left. So you've only been gone about twelve hours. No time at all, really!

*

MARTHA

But all the stuff we've done ...
Shakespeare, New New York, *Old* New York!

*

*

THE DOCTOR

Yep. All in one night. Relatively speaking.

*

Martha looks around the room.

THE DOCTOR (CONT'D)
Everything should be just as it was.
Books. Cds... Laundry.

Martha grabs the items of underwear and stuffs them
behind a cushion.

THE DOCTOR (CONT'D)
So. Back where you were. As promised.

MARTHA
So. This is it?

She is a little awkward, knowing a goodbye is coming up.

THE DOCTOR
I should probably -

Martha's mobile rings. She finds it and looks to see
who's calling. Switches it off.

MARTHA
Leo. My brother. He'll call back if
it's important.

THE DOCTOR
Well, then, I'll leave you to -

Martha's landline rings.

MARTHA
I'm sorry.

The answering machine kicks in with a 'beep'.

FRANCINE
(leaving message)
Martha? Are you there? Pick it up will
you.

MARTHA
Mum. It'll wait.

FRANCINE
(leaving message)
Alright then. Pretend that you're out,
if you like. I was only calling to say
that your sister's on TV.

This grabs Martha's attention.

1

FRANCINE (CONT'D)

(leaving message)

On the news of all things! Just thought
you might be interested. Speak to you
soon.

She hangs up. Martha grabs the remote and switches on
News 24.

MARTHA

How could Tish end up on the news?

ON TV: EXT. LABORATORIES. A news conference is going on.
A wizened old man in his 70s - PROFESSOR LAZARUS - is
answering questions. Behind him is TISH - his PR person -
smartly dressed and looking serious.

*
*

THE DOCTOR

Is that her?

Martha is surprised.

MARTHA

Yeah. She's got a new job. PR for some
research lab.

*
*

Martha turns up the sound and catches the end of the
bulletin.

CLOSE ON TV SCREEN

LAZARUS

... Ladies and Gentlemen, the details
are top secret but I can tell you that,
tonight, I will demonstrate a device
which will redefine our world. With the
push of a single button, I will change
what it means to be human!

BACK TO SCENE

Martha turns to the Doctor.

MARTHA

Sorry. You were saying... You should..?

THE DOCTOR

Yes. I should.

He turns and goes back to the door of the Tardis.

THE DOCTOR (CONT'D)

One trip, we said.

(CONTINUED)

1 CONTINUED: (3)

1

MARTHA

Yeah. I suppose things just, kind of,
escalated.

*

THE DOCTOR

Seems to happen to me a lot.

*

She smiles, a little sadly.

MARTHA

Thank you. For everything.

THE DOCTOR

It was my pleasure.

A moment - then he goes into the Tardis, closes the door.

CU on Martha, so sad, as she hears the engines start up.
Stay on her, as she turns away...

Then the engines stop, abruptly. Martha turns back,
delighted -

The Doctor emerges again, frowning.

THE DOCTOR (CONT'D)

No, I'm sorry. Did he say he was going
to *change what it means to be human!*

CUT TO:

OPENING TITLES

2 INT. LAZARUS' OFFICE. LAZARUS LABORATORIES - NIGHT 7 2

Top floor of a modern building in the heart of London.
LAZARUS gazing out, leaning on his stick. With him is
LADY SYLVIA THAW - a flinty old lady in her seventies.

LADY THAW

Are you sure it's safe?

LAZARUS

There were some issues. They've been
resolved. I'm confident I'll be in no
serious danger.

LADY THAW

That's comforting, Richard, but it
wasn't just you I was worried about.

LAZARUS

Your concern is touching.

(CONTINUED)

2 CONTINUED:

2

LADY THAW

My concern is financial. The people in that room will represent billions of pounds worth of potential investment. Mr. Saxon wants to be sure they'll like what they see.

LAZARUS

Don't worry. Our friend will get his money's worth.

A knock at the door.

LAZARUS (CONT'D)

Come in.

TISH enters, clutching a piece of paper. She spots Thaw.

TISH

Oh, excuse me, Lady Thaw. You wanted to see the guest lists for tonight, Professor.

Lazarus beams at her - he fancies her.

LAZARUS

Yes, Patricia, thank you.

Tish crosses over to his desk and places the paper in front of him. Lazarus catches hold of her wrist, keeping her beside him. He sniffs.

LAZARUS (CONT'D)

That's an interesting perfume. What's it called?

Thaw's face tightens in annoyance. Tish is mildly repelled by the old guy.

TISH

Soap.

She firmly tugs her wrist free and heads for the door.

CUT TO:

3 EXT. STREET. LONDON - NIGHT 7

3

THE DOCTOR and MARTHA walking in London. Martha has changed into a smart evening dress. The Doctor is in black-tie evening wear.

(CONTINUED)

3 CONTINUED:

3

THE DOCTOR

Black-tie. You know, whenever I wear this, something bad always happens.

MARTHA

That's not the outfit, that's just you. Anyway, I think it suits you - in a James Bond kinda way.

THE DOCTOR

(pleased)

James Bond? Really?

MARTHA

I'm more worried about this dress. What d'you think, how does it look?

The Doctor has found a document in his pocket.

THE DOCTOR

Oh, brilliant!

MARTHA

(flattered)

D'you think so?

THE DOCTOR

Thought I'd lost that. United States Declaration of Independence. First Draft. Before I got them to stick in the bit about the pursuit of happiness.

(remembering)

Thomas Jefferson. He was funny. Spoke Gaelic, you know. Very keen on tomatoes for some reason.

*

Martha sighs.

THE DOCTOR (CONT'D)

(impervious)

Look, that must be the place!

ANGLE ON:

FX: a gleaming, illuminated, corporate sign - 'Lazarus Laboratories.' The top of the building is an impressive, modern, glass and steel creation.

The entrance has been prepared to welcome guests to the event. Lights, barriers, a red carpet, SECURITY and PHOTOGRAPHERS. It is more film premiere than science evening.

(CONTINUED)

3 CONTINUED: (2)

A limo pulls up and a glamorous GUEST steps out -
formally dressed - to a barrage of flash photography.

CUT TO:

4 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 -MOMENTS
LATER

MARTHA and THE DOCTOR come through a set of double doors
into the reception room.

MARTHA
Pretty strict about the guest list,
weren't they.

THE DOCTOR
Psychic paper. Works every time.

MARTHA
Yeah. Only you're a bit over-dressed to
be from environmental health.

Martha and the Doctor look around the room, curious.

In the centre, a slightly raised platform, lit like a
stage. On it is Lazarus' Genetic Manipulation Device -
GMD.

Centred on the platform, a walk-in capsule no bigger than
a phone box. Four large arms curve up from the floor to
meet at a point above the capsule - like two intersecting
arches describing quarter segments of a dome.

The cocktail party is in full swing around this device.
GUESTS mill around drinking champagne and chomping on vol-
au-vents. A STRING QUARTET provides music. WAITERS and
WAITRESSES move among the crowd serving drinks and food
from trays.

THE DOCTOR
Look, they've got nibbles! I love
nibbles.

He takes a snack from a passing waiter. TISH appears -
bouncing over, clipboard in hand - happy to see Martha -
eager to show off.

TISH
Hello!

MARTHA
Tish!

The sisters hug and kiss.

(CONTINUED)

4 CONTINUED:

4

TISH

You look great! So, what d'you think?
Impressive, isnt it?

MARTHA

Very. *

TISH

And two nights out in a row for you? *

That's dangerously close to a social
life!

MARTHA

If I keep this up I'll end up in the *

gossip columns.

TISH

You might actually. You should keep an *

eye out for photographers. And Mum. *

She's coming too. Even dragging Leo
along with her.

MARTHA

Leo? In black tie? That I must see! *

They laugh - then Martha realises she's not introduced
the Doctor yet. Tish is sizing him up. *

MARTHA (CONT'D) *

This is the Doctor. *

The Doctor shakes hands. *

THE DOCTOR *

Hello. *

TISH *

Is he with you? *

MARTHA *

Yeah. *

TISH *

But he's not on the list. How did he get *

in? *

MARTHA *

(covering) *

He's my 'plus one'. *

TISH *

You weren't down for 'plus one'. *

(CONTINUED)

4 CONTINUED: (2)

4

THE DOCTOR

So this Lazarus, he's your boss?

TISH

Professor Lazarus, yes. I'm part of his executive staff.

MARTHA

She's in the PR department.

TISH

I'm *head* of the PR department, actually.

MARTHA

You're joking!

TISH

(indignant)

Don't sound so shocked!

MARTHA

But you've got no experience!

THE DOCTOR

Is that normal?

TISH

I was on that government scheme. They saw my potential.

MARTHA

You sure that's all they saw?

TISH

I'm not just here for decoration. I put this whole thing together.

THE DOCTOR

So do you know what the Professor's going to be doing tonight? That looks like it might be a sonic micro-field manipulator.

TISH

(to Martha)

He's a science geek. I should've known.

She smiles pityingly at her sister.

TISH (CONT'D)

Got to get back to work now. I'll catch up with you later.

She disappears into the crowd.

(CONTINUED)

4 CONTINUED: (3)

4

THE DOCTOR
'Science geek'? What's that mean?

*

MARTHA
That you're obsessively enthusiastic
about it.

*

*

*

THE DOCTOR
Ah. Nice.

*

*

MARTHA
It wasn't a compliment.

*

THE DOCTOR
(disappointed)
Oh.

*

*

*

MARTHA
What do we do now?

*

*

The Doctor looks around, considering the situation.

*

THE DOCTOR
Mingle. Mingle and nibble.

CUT TO:

5 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 -MOMENTS
LATER

FRANCINE and LEO arrive. Francine is agitated.

*

FRANCINE
Your father's caused me enough heartache
already with his menopause and his
trophy girlfriend.

*

*

*

*

LEO
Yeah, mum. I know. It was just
something he said last night.

*

*

*

FRANCINE
'Thinking about buying a ring'? What,
for her nose? What an idiot.

*

*

*

LEO
I wish I'd never mentioned it now.

*

*

Francine scowls at him. They approach MARTHA and THE
DOCTOR.

*

*

MARTHA
Mum!

*

(CONTINUED)

5 CONTINUED:

5

Martha gives her mum a big hug. Francine is pleased -
kisses Martha - but is a bit surprised.

*
*

FRANCINE

Alright. What's the occasion?

*

MARTHA

What d'you mean? I'm just pleased to see
you, that's all.

FRANCINE

But you saw me last night.

MARTHA

I know, I just ... missed you.

Francine studies Martha curiously.

MARTHA (CONT'D)

(to Leo)

You're looking good, Leo.

LEO

If anyone asks me to fetch them a drink,
I'll swing for them.

FRANCINE

(to Martha)

Is everything alright?

MARTHA

Fine. Why?

*

FRANCINE

I don't know. You seem different. Has
something happened? Are you okay?

MARTHA

(a little evasive)

Yes.

*

Francine notices the Doctor.

*

FRANCINE

You disappeared last night.

*
*

MARTHA

I .. uhm ... I just went home.

FRANCINE

On your own?

Martha realises her Mum is looking at the Doctor.

*

(CONTINUED)

5 CONTINUED: (2)

5

MARTHA

This is a friend of mine, the Doctor.

FRANCINE

Doctor what?

MARTHA

No, just the Doctor. We've been doing some work together.

LEO

(shaking hands)

Alright, mate.

The Doctor offers his hand to Francine. She takes it but is suspicious.

THE DOCTOR

Lovely to meet you Mrs. Jones. Heard a lot about you.

FRANCINE

Have you? What've you heard then?

THE DOCTOR

Well, that your Martha's mum and ... no, actually, that's about it really. We've not had much time to chat, you know. Been busy.

FRANCINE

Busy? Doing what exactly?

THE DOCTOR

Oh. You know. Stuff.

Before Francine can go on, the lights dim in the room and come up on the platform.

LAZARUS - in black-tie - is climbing onto the platform with help from a white-coated ASSISTANT.

The STRING QUARTET stop playing. Party chatter dies and an expectant hush falls on the room - people cluster around the platform.

Lazarus - leaning on his stick - raises one arm for attention.

Cameras flash. REPORTERS and PHOTOGRAPHERS scrum at the front of the stage.

(CONTINUED)

5 CONTINUED: (3)

5

LAZARUS

Ladies and Gentlemen. I'm Professor
Richard Lazarus and tonight I'm going to
perform a miracle!

*
*
*

Two Assistants are busy checking instruments in the
control area to one side.

LAZARUS (CONT'D)

It is, I believe, the most important
advance since Rutherford split the atom.
The biggest leap since Armstrong stood
on the moon.

*
*
*

Applause and excited chattering. More cameras flash.

Lazarus moves to the capsule and pulls open the capsule
door.

*
*

LAZARUS (CONT'D)

Tonight you'll watch and wonder. But
tomorrow, you'll wake to a world which
will be changed forever.

*
*

Tossing the stick aside, Lazarus steps into the capsule
and closes the door.

The Doctor is watching - intrigued and concerned. Martha
is by his shoulder.

*
*

Assistant #1 starts the GMD - he pushes a big red button.

*

Buzzing of power surging through the arches. A high-
pitched whine begins. Prac. light blazes from the arms
of the arches down on the capsule.

Martha screws her eyes against the bright light. The
Doctor is fascinated.

The room begins to shake a little. Light fittings
rattle. Bottles fall off tables.

FX: The GMD in full operation.

TISH is standing near LADY THAW. She is concerned.

TISH

Has he done this before?

*

LADY THAW

Would you want to go through this more
than once?

The Doctor watches, engrossed.

(CONTINUED)

5 CONTINUED: (4)

5

A red warning light blinking on one of the panels in the control area. An audible alarm buzzer sounding.

The Doctor, now concerned.

*

THE DOCTOR

*

Something's wrong. It's overloading.

*

Assistant #1 trying to solve the problem. He's knocked back by a prac explosion at a control panel.

Screams from the audience. They try to back away from the device.

Lady Thaw, frozen, fearing disaster.

The Doctor pushes past her and goes to the control area. He starts to sonic the main control panel.

*

*

LADY THAW

*

Somebody stop him! Get him away from that machine!

*

*

One of the Assistants tries to pull him away but the Doctor shrugs him off.

*

*

THE DOCTOR

*

If this goes up it will take the whole building with it! Is that what you want?

*

*

*

Lady Thaw shuts up.

*

FX: The device shuts down. Lights on the arches fade out. The noise dies. The capsule is no longer pulsing but is brightly lit from within.

The Doctor moves to the capsule but is beaten to it by Martha who is already there.

THE DOCTOR (CONT'D)

*

Get it open.

*

Francine - seeing Martha - frowning, vindicated in her suspicions that something is going on.

The Doctor and Martha pull open the capsule door. Prac. Smoke pours out, light blazes. They recoil unable to see anything.

A hand emerges from the smoke and grips the side of the capsule. A figure steps out, unsteady and shrouded in the smoke and light.

(CONTINUED)

5 CONTINUED: (5)

5

Martha and the Doctor peer through the smoke and are astonished.

Lazarus emerging from the smoke - now a young man - apparently having shed forty years. He is fit, handsome, healthy and radiant with energy.

Lazarus steps forward, steady now. He beams a perfect grin and opens his arms wide.

LAZARUS

Ladies and Gentlemen. I am Richard
Lazarus. I'm seventy-six years old. And
I'm reborn!

*
*
*

The crowd gasps in disbelief - then goes wild.

Cheering. Applause. Cameras flashing.

Lady Thaw amazed.

LADY THAW

He did it. He actually did it!

*
*

Lazarus - loving the limelight - god-like.

CUT TO:

6 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 -MOMENTS
LATER

LAZARUS moving through the crowd arms outstretched.
GUESTS surround him, shaking his hand, patting him on the
back or just gazing at him in wonder. He is lit by a
constant halo of flash photography.

Still on the platform, MARTHA watches him. Beside her,
THE DOCTOR is examining the capsule.

MARTHA

That can't be the same guy. It's
impossible. It must be a trick.

The Doctor finishes his examination.

THE DOCTOR

(concerned)

It's not a trick. I wish it were.

MARTHA

So what just happened?

(CONTINUED)

THE DOCTOR

He just changed what it means to be
human.

CUT TO:

7 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - 7
CONTINUOUS

LADY THAW is by LAZARUS' side, even she is mesmerised.
Stroking his cheek.

LADY THAW
That was the most astonishing thing I've
ever seen. Look at you! *

LAZARUS
This is only the beginning. We're not
just making history, we're shaping the
future too. *

LADY THAW
Think of the money we'll make! People
will sell their souls to be transformed
like that. And I'll be first in line! *

Lazarus suddenly shudders slightly. Lady Thaw notices.
Unfazed, Lazarus takes a tray of canapes from a WAITER
and begins to wolf them down. Lady Thaw is slightly
appalled. *

LADY THAW (CONT'D)
Richard!

LAZARUS
I'm famished.

He carries on eating. THE DOCTOR and MARTHA come over.
They notice the hungry appetite.

THE DOCTOR
Energy deficit. Always happens with
this kind of process.

Lazarus looks up, intrigued.

LAZARUS
You talk as if you see this every day,
Mister..? *

THE DOCTOR
Doctor.

7 CONTINUED:

7

THE DOCTOR (CONT'D)

And no, not every day, but I have
experience of this kind of
transformation.

*

LAZARUS

That's not possible. No-one else is
capable of doing what I've done tonight.

*

*

THE DOCTOR

Oh, it was impressive, I'm not denying
it. Very impressive. Using Hypersonic
sound waves to create a state of
resonance? That's inspired.

LAZARUS

(surprised)

You understand the theory, then?

*

THE DOCTOR

Enough to know that you couldn't
possibly have allowed for all the
variables.

*

LAZARUS

No experiment is completely without
risk.

*

THE DOCTOR

The thing nearly exploded! You might as
well have stepped into a blender!

*

*

Lady Thaw intervenes.

*

LADY THAW

You're not qualified to comment. Your
intervention could've ruined the whole
process.

*

*

*

*

THE DOCTOR

The process was over. The machine
wouldn't power down. If I hadn't stopped
it, it would've exploded.

*

*

*

*

LAZARUS

Then I thank you, Doctor. But that's a
simple engineering issue. What happened
in the capsule was exactly what was
supposed to happen. No more. No less.

*

*

MARTHA

You've no way of knowing that. Not until
you've run proper tests.

*

(CONTINUED)

7 CONTINUED: (2)

7

LAZARUS

Look at me! You can see what happened!
I'm all the proof you need.

*

Martha is unconvinced.

*

LADY THAW

The device will be properly certified
before we start to operate commercially.

MARTHA

Commercially? You're joking! That'll
cause chaos.

*

*

LAZARUS

Not chaos - change. A chance for
humanity to evolve. To improve.

*

*

THE DOCTOR

This isn't about improving, this is
about you and your customers living a
little longer.

LAZARUS

Not a little longer, Doctor, a lot
longer. Perhaps indefinitely.

Lady Thaw tries to steer Lazarus away.

LADY THAW

Richard, we have things to discuss.
Upstairs.

LAZARUS

Goodbye, Doctor.

*

*

Lazarus smiles at the Doctor, benign. He turns to Martha
and extends a hand. She takes it.

LAZARUS (CONT'D)

In a few years you'll look back and
laugh at how wrong you were.

*

*

Lazarus kisses her hand - long enough to be clear he's
enjoying it. Then he is gone - into the throng of adoring
GUESTS with Thaw.

THE DOCTOR

He's out of his depth. He's no idea
what damage he might've done.

MARTHA

So what do we do now?

(CONTINUED)

7 CONTINUED: (3)

7

THE DOCTOR
Now? Well, this building must be full of
laboratories, I say we do our own tests.

*
*

Martha holds up the hand Lazarus kissed.

MARTHA
Lucky I've just collected a DNA sample,
isn't it.

*

The Doctor's face lights up.

THE DOCTOR
Martha Jones, you're a star!

LADY THAW

Quite a view.

LAZARUS
I grew up over there. Tiny flat above a
butchers shop.

LADY THAW
It'll have a blue plaque soon. Richard
Lazarus lived here.

LAZARUS
It's gone. Destroyed in the war. The

*

LADY THAW

It must've been terrifying.

Lazarus' face clouds at the memory.

LAZARUS

The destruction was incredible. Huge areas were reduced to rubble. A wasteland.

She is close to him now. Touching his face.

LADY THAW

But look what you've built here now. What you've done tonight. You've laid the foundations for an empire. An empire we can rule together.

She kisses him passionately. After a moment, Lazarus pushes her away. She is hurt.

LADY THAW (CONT'D)

What's wrong?

Lazarus turns her head to face her reflection in the window.

LAZARUS

Look at yourself, woman.

Lady Thaw looks at her reflection. Alongside Lazarus she is a withered old woman. She snaps the blinds closed angrily.

What?

Martha is startled.

MARTHA

Oh my God! Did that just change?

*

The Doctor nods - excited.

MARTHA (CONT'D)

But it can't have!

THE DOCTOR

But it did.

MARTHA

It's impossible.

THE DOCTOR

And that's two impossible things we've seen so far tonight. Don't you love it when that happens?

*

Martha is still trying to work out the DNA.

MARTHA

That means Lazarus has changed his own molecular patterns.

THE DOCTOR

Hypersonic sound waves to destabilise the cell structure. Then a metagenetic program to manipulate the coding in the protein strands.

THE DOCTOR

Because he missed something. Something
in his DNA that's been activated and
won't let him stabilise. Something
that's trying to change him.

MARTHA

Change him into what?

THE DOCTOR

I don't know. But I think we need to
find out.

MARTHA

That woman said they were going

The Doctor stands up.

THE DOCTOR

So let's go.

LADY THAW is pacing the room - furious and upset. LAZARUS
is still by the window, impassive.

LADY THAW

Who do you think you are? I made you.
You were nothing. A grubby little
theorist. I picked you out. It was me
who made all this possible. This is my
triumph. I will not be denied. Not by
you. Not after everything I've done.

*
*
*
*
*
*

LAZARUS

You backed me because you saw profit.
Your concern was financial.

LADY THAW

Don't pretend to be the altruist. You
want the money as much as I do. We had a

rejuvenated too. We could be rich. And

LADY THAW

LAZARUS

I'll be fine in a moment. Probably just
cramp.

Lady Thaw gets up and goes to him. Just as...

Lazarus doubles over and falls to the floor, spasms
racking his whole body.

LADY THAW

Richard?

CLOSE ON: Lady Thaw's face as she watches him concerned.
The sound of joints cracking, sinews stretching out.

LADY THAW (CONT'D)

Is it some kind of seizure? What should
I do?

13

Lady Thaw's face shifts - confusion - what's going on? A growl from LAZARUS and a crackling of bone as he stretches out.

LADY THAW (CONT'D)

I don't understand. What's happening?
Richard?

RISING SHOT - LAZARUS' POV:

Lady Thaw's confusion turns to horror - her eyes wide with fear - as Lazarus slowly rises to his full height. She screams as he towers above her.

14 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7

14

The QUARTET are playing again and there is a buzz of excitement among the GUESTS.

FRANCINE and LEO are still drinking champagne.

TISH comes over to join them.

FRANCINE

Have you seen Martha and that Doctor
anywhere?

TISH

Not since the demonstration.

LEO

Did you see them when that machine blew
up? That was pretty cool.

FRANCINE

Do you know anything about him? Has she
ever mentioned him before?

TISH

Not to me.

FRANCINE

So we've never heard of him but she acts
like she's known him for ages? The way
she followed him onto that platform.

TISH

She's a doctor. She was just doing her
job.

FRANCINE

She's not a doctor yet. Never will be if she doesn't stay focussed.

LEO

Look, she's found a bloke, so what.

FRANCINE

Something's going on, Leo. I can feel it. She's hiding something and I don't like it.

CUT TO:

15 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - MOMENTS LATER

LAZARUS appears in the doorway of the reception. He is back to the handsome young god he was before.

He adjusts his tie - he is wearing a different suit now. He twists his head and snaps his neck back into place with a crack. Smiling smugly, he moves into the room.

CUT TO:

16 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - MOMENTS LATER

TISH is cruising through the GUESTS. Suddenly there is a hand on her arm and she finds herself standing with LAZARUS -who is beaming with confidence - surrounded by a group of fawning guests.

LAZARUS

Patricia Jones!
(whispering in her ear)
I'd recognise the smell of that soap anywhere!

Tish is a little nervous.

TISH

Professor.

LAZARUS

(grinning)
I'm sorry, ladies and gentlemen,
you'll have to excuse me while I take
care of Patricia here. I've been
neglecting her.

*
*

Lazarus winks at them and steers Tish away from the group. He grins at her.

LAZARUS (CONT'D)

Thank you for rescuing me.

TISH

I'm sorry. I didn't realise. Were those
people causing a problem?

*

*

LAZARUS

No. No problem. But it's nice to know
that someone has my best interests at
heart.

Tish is flattered.

TISH

It's my job. I try to do my best.

*

LAZARUS

Such dedication. I like that. It's a
rare quality these days.

*

*

Tish blushes, warming to him now.

TISH

Well, you know, I'm always here. If you
need anything.

Lazarus flirts.

LAZARUS

That's a comforting thought. I'll
remember that.

Tish smiles.

CUT TO:

17 INT. LAZARUS' OFFICE. LAZARUS LABORATORIES - NIGHT 7 17

MARTHA and THE DOCTOR push open the door. They switch on
the light and come inside.

MARTHA

This is his office alright.

THE DOCTOR

So where is he?

MARTHA

Let's try back at the reception.

*

The Doctor nods. They head back out.

17 CONTINUED:

As Martha reaches the door something propped behind it falls to the floor at her feet. She looks down and finds herself staring at the shrunken, desiccated face of LADY THAW - now a shrivelled, leathery husk.

Martha lets out a short scream. The Doctor stoops over the husk to examine it.

Martha recovering from the shock.

MARTHA (CONT'D)

Is that human?

*

THE DOCTOR

Used to be. It's just a shell now. Had all the life energy drained out of her. Like squeezing the juice out of an orange.

*

MARTHA

Lazarus!

THE DOCTOR

Could be.

MARTHA

So he's changed already.

THE DOCTOR

(shrugs)

Not necessarily. You saw the DNA - it was fluctuating. The process must demand energy. This may not have been enough.

Martha realises the implication.

MARTHA

So he might do this again?

The Doctor nods. Martha is off, heading out the door. The Doctor tears himself away from the husk and goes after her.

CUT TO:

18 INT. CORRIDOR. LAZARUS LABORATORIES - NIGHT 7 - CONTINUOUS

The lift doors open and they step inside. The doors close and it starts to descend.

An ascending lift arrives alongside. Lift doors open. LAZARUS steps out with TISH - laughing at a shared joke - very flirtatious now.

LAZARUS

You seem very young to have such a responsible position. Have you much experience?

TISH

Not really. But the interview panel thought I had all the necessary attributes.

LAZARUS

How perceptive of them.

Tish smiles - enjoying this.

TISH

So, where are you taking me?

*

LAZARUS

Up to the roof. It's a lovely evening. I thought I would show you the view. It's extraordinary.

*

*

TISH

Like a lot of things round here, then.

Lazarus smiles. They head down the corridor. Lazarus quietly clicking his neck again.

CUT TO:

19 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - MOMENTS LATER

THE DOCTOR and MARTHA emerge from the lifts and then hurry into the party, scanning as they move through the GUESTS.

They move through the crowd and suddenly find themselves beside LEO - FRANCINE is nearby.

*
*
*

LEO

Well, he was getting cosy with Tish a
couple of minutes ago.

*
*
*

MARTHA

With Tish?!

*
*

FRANCINE

(spotting them)

Ah. Doctor. Maybe we could finish our
chat. We were interrupted.

*
*
*
*

DOCTOR

(to Leo)

Where did they go?

*
*
*

LEO

Upstairs, I think. Why?

*

FRANCINE

Doctor?

*
*

The Doctor heads back toward the lifts, brushing past
Francine and spilling her champagne.

*
*

FRANCINE (CONT'D)

I'm speaking to you!

*
*

Martha pushes past her too as she follows the Doctor.

*

MARTHA

Not now, Mum!

*

Francine is furious.

*

A MAN approaches Francine. Young. Charming. Mysterious.
He offers her a fresh glass of champagne.

MAN

I think you need one of these.

Francine considers him.

20 INT. LAZARUS' OFFICE. LAZARUS LABORATORIES - NIGHT 7 - MOMENTS
LATER

MARTHA and THE DOCTOR burst in, breathless. The office is
just as they left it.

MARTHA
(desperate)
Where are they?

THE DOCTOR
The fluctuating DNA'll give off an
energy signature. I might be able to
pick it up.

The Doctor takes out the sonic screwdriver and moves
around looking for a direction indication. He stops.

THE DOCTOR (CONT'D)
Got him.

MARTHA
Where?

The Doctor's gaze follows where the screwdriver is
pointing - upwards.

MARTHA (CONT'D)
But this is the top floor!

She realises.

MARTHA (CONT'D)
The roof!

CUT TO:

21 EXT. ROOF. LAZARUS LABORATORIES - NIGHT 7

21

FX: LAZARUS and TISH are enjoying the view of the city, including Southwark Cathedral.

TISH

That clock tower is beautiful - all lit up like that.

LAZARUS

It's Southwark Cathedral. One of the oldest churches in London. Been around even longer than I have.

*
*

Tish turns to look at the professor.

TISH

But you're looking pretty good for your age!

*
*

LAZARUS

Thank you.

She reaches out to touch his face.

TISH

Can I ..?

*

LAZARUS

Of course.

He moves close to her. She strokes his cheek.

TISH

I still can't take it in.

*

LAZARUS

(smiling)

I'm still adjusting, myself. I've been working toward it for so many years - it's hard to believe the moment's finally arrived.

TISH

And is it like you expected?

LAZARUS

I find that nothing's ever *exactly* like you expect. There's always something to surprise you. "Between the idea and the reality, Between the motion and the act ..."

THE DOCTOR and MARTHA have joined them - though keeping a safe distance away.

Tish is annoyed. Lazarus seems calm.

LAZARUS
So, the mysterious Doctor knows his
Eliot. I'm impressed.

*
*
*

TISH
Martha! What're you doing here?

*

MARTHA
Tish, get away from him!

*

TISH
What? Don't tell me what to do.

*

She doesn't move.

THE DOCTOR
I wouldn't have thought you had time for
poetry, Lazarus. What with you being so
busy defying the laws of nature and
everything.

*

LAZARUS
You're right, Doctor. One lifetime's
been too short for me to do everything I
would like. How much more I'll get done
in two or three or four.

*
*

THE DOCTOR
It doesn't work like that. Some people
live more in twenty years than others do
in eighty. It's not the time that
matters, it's the person.

*

LAZARUS
But if it's the *right* person? What a
gift that would be!

THE DOCTOR
Or what a curse. Look at what you've
done to yourself.

Lazarus glares at him.

LAZARUS

MARTHA

Over here, Tish. Come to me.

Tish moves away from Lazarus toward her sister - but only to argue with her.

TISH

(hissing)

You have to spoil everything, don't you.

*

Lazarus' neck spasms suddenly. The Doctor and Martha notice. Tish has her back to him.

TISH (CONT'D)

Every time I meet someone nice you have to try and find fault.

Lazarus' arms spasm - as before.

MARTHA

Tish, he's a monster!

TISH

I know the age thing's a bit freaky -
but it works for Catherine Zeta Jones!

Lazarus' whole body twists and he falls to the ground.

CLOSE ON: The Doctor's face transfixed.

CLOSE ON: Martha horrified.

Then, Tish turns round to see what they are both looking at. The sound of Lazarus transforming. She can't believe what she sees.

FX: The back of Lazarus' jacket splits as a bony spine bursts out.

FX: A cracking of bones as the 'creature' Lazarus uncoils and stretches up to his full height with Southwark Cathedral behind.

CLOSE ON: Tish's face. Horrified - then a loud scream.

Terrified, Tish backs away from Lazarus and bumps into Martha and the Doctor.

MARTHA
What's happening?

TISH
(trying to remember)
An intrusion ... it triggers a security lock down. Kills most of the power. Stops the lifts. Seals the exits.

THE DOCTOR
(looking up)
He must be breaking through that door.

He starts back toward the stairwell.

THE DOCTOR (CONT'D)
The stairs, hurry.

They follow him.

CUT TO:

27 INT. STAIRWELL. LAZARUS LABORATORIES - NIGHT 7 - MOMENTS LATER 27

Tish, is there another way out of here?

Tish points to the far corner.

TISH

There's an exit in the corner but it'll be locked now.

THE DOCTOR

*

Martha! Setting fifty-four. Hurry.

The Doctor throws Martha the Sonic Screwdriver. She catches it and hurries toward the exit. Tish follows her.

THE DOCTOR (CONT'D)

(shouting)

Listen to me! You people are in serious danger. You need to get out of here.

Right now!

The Guests are uncertain. One sceptical FEMALE GUEST is near the doors.

FEMALE GUEST

*

Don't be ridiculous! The biggest danger here is choking on an olive.

*

FX: LAZARUS crashes into the room, fierce and raging.

A moment of shock, then complete chaos as the guests try to get away from the creature - pushing, screaming, elbowing. Tables are overturned. Bottles, trays and plates crash to the floor.

FX: LAZARUS moves into the room, pushing tables out of his path.

LEO is with FRANCINE. A table flips towards them. Leo tries to protect his mum.

*

*

LEO

Mum!

He pulls her out of the way but the table whacks him on the side of the head.

Guests start to flee downstairs, yelling, clamouring and

MARTHA (CONT'D)
Don't push! Head for the foyer! Keep
moving!

CLOSE ON: The Female Guest's face - terrified.

FX: Lazarus looms over the Female Guest - his 'tail'
moving in to 'drain' her.

The Doctor sees what's about to happen.

THE DOCTOR
No! Get away from her!

*

Too late. A husk falls to the floor of the room - all
that's left of the Female Guest.

*

Francine is crouched over Leo who is on the floor, dazed.
Francine cradles his head.

*

FRANCINE
Leo?

Leo opens his eyes and stares at something behind
Francine. She turns to see.

The Doctor into Lazarus' field of vision to draw his
attention.

*

*

THE DOCTOR
Lazarus! Leave them alone!

FX: Lazarus turns to glare at the Doctor.

Martha hurries to help Francine and Leo.

THE DOCTOR (CONT'D)

The Doctor - ready to run.

THE DOCTOR (CONT'D)
You're a joke, Lazarus. A footnote in
the history of failure.

FX: Close on Lazarus' face - roaring.

The Doctor belts out the door.

Listen to me! If you panic, more people
will die. You've got to stop pushing,
stay calm and keep moving. Do you hear
me! *

The GUESTS respond to her authority. *

MARTHA (CONT'D)
That's it. We're all going to get out of

Martha checks his eyes.

MARTHA

Leo, look at me. Focus on me. Let me see
your eyes.

Leo struggles a little, still dazed.

MARTHA (CONT'D)

He's got a concussion.

She looks at the debris around them and grabs a napkin
and some ice and improvises an ice-pack. She hands it to
Francine.

MARTHA (CONT'D)

Mum, you'll need to help him downstairs.
This'll keep the swelling down.

Francine notes Martha's coolness and authority.

MARTHA (CONT'D)

Go on. I'll be right behind you.

Francine helps Leo through the exit.

MARTHA (CONT'D)

Tish, move! We need to get out of here.

Tish follows her mum. Martha yells into the stairwell.

*

MARTHA (CONT'D)

The Doctor moves behind one of the racks and hides.

FX: LAZARUS sinister in shadow.

The Doctor listens to the creature's movements.

LAZARUS (O.S.)

It's no good, Doctor. You can't stop me.

The Doctor moves between the racks, trying to confuse Lazarus.

THE DOCTOR

Is that the same arrogance you had when you swore that nothing had gone wrong with your device?

He moves quietly toward the back of the room.

FX: CLOSE Lazarus with drooling mouth.

The Doctor still again, listening. The sound of Lazarus creeping along nearby.

LAZARUS (O.S.)

(rasping)

The arrogance is yours. You can't stand in the way of progress.

THE DOCTOR

You call feeding on innocent people 'progress'? You're delusional!

The Doctor moves quietly again. Cat and Mouse with Lazarus. He begins to creep back toward the door.

LAZARUS (O.S.)

MARTHA emerges from the stairwell behind TISH, LEO and FRANCINE. Tish starts to panic.

TISH

We can't get out! We're trapped!

Martha grabs her.

MARTHA

Martha stops. *

MARTHA

THE DOCTOR comes belting into a long darkened lab room,
breathless. He looks around for possible weapons but the
room is pretty bare. The lab has two doors - one at each
end.

He has an idea. He hops up onto one of the benches and
yanks the bulb fitting from the light, exposing the bare
wires. He adjusts the wires so they are barely touching.

Climbing down, he switches on all the gas taps on the
benches at that end of the room then hurries to the other
end. He crouches behind a bench.

CLOSE ON - The Doctor's face, waiting, listening. Then a
noise - claws on floor tiles. Stools being knocked
aside.

LAZARUS (O.S.)

(rasping)

More hide and seek, Doctor? How
disappointing. Why don't you come out
and face me?

The Doctor, still hiding.

THE DOCTOR

Have you looked in a mirror lately?

He stands up.

42 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - MOMENTS LATER

The now-deserted reception room. MARTHA and THE DOCTOR come running through the doors - breathless.

*

MARTHA

What now? We've gone round in a circle.

*

The Doctor sizes the place up - fast.

*

THE DOCTOR

Come on.

He jumps onto the platform and goes to the capsule.

THE DOCTOR (CONT'D)

Get inside. Quickly.

Martha is confused but steps into the capsule. The Doctor squeezes in beside her.

FX: LAZARUS coming into the reception room. He spots them.

The Doctor pulls the capsule door closed.

CUT TO:

43 INT. CAPSULE - NIGHT 7 - CONTINUOUS

43

THE DOCTOR and MARTHA are pressed together - very intimate.

MARTHA

(whispering)

Are we hiding?

THE DOCTOR

No. He knows we're here. But this is his masterpiece, I'm betting he won't destroy it - not even to get at us.

MARTHA

But we're trapped.

THE DOCTOR

Well, yeah, that is a slight problem.

(CONTINUED)

43 CONTINUED:

43

MARTHA

You mean you don't have a plan?

THE DOCTOR

Yes. The plan was to get inside here.

MARTHA

Then what?

THE DOCTOR

Well, then I would come up with another plan.

A noise from outside.

MARTHA

In your own time, then.

CUT TO:

44 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - 44

FX: LAZARUS prowling outside the capsule.

CUT TO:

45 INT. CAPSULE - NIGHT 7 - CONTINUOUS 45

THE DOCTOR is wriggling around. Searching his pockets for something. MARTHA squirms.

MARTHA

Hey!

THE DOCTOR

Sorry. Ah. Here we are.

He holds the sonic screwdriver.

MARTHA

What are you going to do with that?

THE DOCTOR

Improvise.

He starts to wiggle his way down toward the floor.

CUT TO:

46 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - 46

FX: LAZARUS still prowling around the capsule.

CUT TO:

47 INT. CAPSULE - NIGHT 7 - CONTINUOUS 47

MARTHA reflecting while THE DOCTOR fiddles beneath her.

MARTHA
I still don't understand where that
thing came from. Is it alien?

THE DOCTOR is working urgently at her feet on the wiring
on the floor of the capsule with the sonic screwdriver *

THE DOCTOR
No. For once. It's strictly human in
origin.

MARTHA
Human? How can it be human?

THE DOCTOR
Probably from dormant genes in Lazarus'
DNA. The energy field in this thing
must've reactivated them. Now it looks
like they're becoming dominant. *

MARTHA
(understanding)
So it's a throwback.

THE DOCTOR
Some option that evolution rejected for
you millions of years ago. Only the
potential is still there, locked up in
your genes. Forgotten about, until
Lazarus unlocked it by mistake. *

MARTHA
Like Pandora's box.

THE DOCTOR
Exactly.

A moment. *

THE DOCTOR (CONT'D)
Nice shoes, by the way. *

CUT TO:

48 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - 48

FX: LAZARUS pushes the red button to activate the GMD.

Power buzzes through the arches once more.

CUT TO:

49 INT. CAPSULE - NIGHT 7 - CONTINUOUS 49

MARTHA suddenly alert and anxious as the capsule lights
up and she hears the noise of the power-up. *

MARTHA
Doctor? What's happening? *

THE DOCTOR
It sounds like he's switched the machine
on. *
 *
 *

MARTHA
And that's not good, is it. *
 *

At her feet, THE DOCTOR frowning with concentration as he
tries to finish his rewiring job.

THE DOCTOR
Well, I was hoping it might take him a
little bit longer to work that out. *
 *

CUT TO:

50 INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - 50

The GMD powering up.

FX: LAZARUS watching the spinning GMD.

CUT TO:

50A INT. CAPSULE - NIGHT 7 - CONTINUOUS 50A

MARTHA very anxious.

MARTHA
Doctor, I don't want to hurry you, but
... *

THE DOCTOR
I know. Nearly done. *
 *

(CONTINUED)

50A CONTINUED:

50A

MARTHA
What are you doing!

*

THE DOCTOR still rewiring.

THE DOCTOR
Trying to set the capsule to reflect
energy rather than receive it.

*

MARTHA
Will that kill him?

*

*

THE DOCTOR
Well, when he transforms, he's three
times the size. Cellular triplication.
Which means he's spreading himself thin
...

*

*

*

*

*

CUT TO:

50B INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - 50B

FX: Lazarus, watching and waiting.

Prac light suddenly blazes from the arms of the arches
down onto the capsule as before.

CUT TO:

50C INT. CAPSULE - NIGHT 7 - CONTINUOUS 50C

MARTHA fearful. The capsule shaking.

MARTHA
We're going to end up like him!

THE DOCTOR tense.

THE DOCTOR
Just one more -

*

The final wire is plugged in.

CUT TO:

50D INT. RECEPTION ROOM. LAZARUS LABORATORIES - NIGHT 7 - 50D

FX: The GMD stops spinning suddenly. Lazarus is caught
in a wave of sonic energy. He screams in agony.

FX: Lazarus falls down dead, hits the floor with a smack!

(CONTINUED)

50D CONTINUED:

50D

The GMD is shrouded in smoke.

After a moment, THE DOCTOR and MARTHA emerge unsteadily from the capsule.

MARTHA

(shaken)

I thought we were going to go through the blender then.

THE DOCTOR

It shouldn't really take that long just to reverse the polarity. I must be a bit out of practice.

*
*
*

They cross to the body.

Lazarus' body - young man - is lying naked and lifeless.

They gaze down.

*

MARTHA

He seems so ... human again. It's kind of pitiful.

*
*
*

THE DOCTOR

Death is, mostly. Eliot saw that too. "This is the way the world ends, Not with a bang but a whimper"

THE DOCTOR and MARTHA emerge from the building.

*

The Doctor turns and watches PARAMEDICS emerge behind them with LAZARUS on a stretcher. They pull the blanket over his face - dead. The stretcher is loaded into an ambulance.

*

TISH rushes over and flings her arms round her sister.

TISH

She's here! She's alright!

The Doctor is watching the ambulance pull away.

Mrs. Jones! We still haven't finished
our chat. *

Francine walks up to him and whacks him hard across the
face with her hand. *

FRANCINE *

Keep away from my daughter. *

The Doctor is shocked. *

THE DOCTOR *

Always the mothers! Every time! *

Martha extricates herself from the hug and goes to the
Doctor. *

MARTHA *

Mum, what are you doing? *

FRANCINE *

He's dangerous. I've been told
things... *

MARTHA *

What are you talking about? *

FRANCINE *

Look around you. Nothing but death and
destruction. *

MARTHA *

This isn't his fault. He *saved* us. All
of us. *

LEO *

And it was Tish who invited everybody to
this thing in the first place. So I'd
say, technically, it was *her* fault. *

Tish punches Leo on the arm. *

Loud sound of a car crash. *

The Doctor is immediately alert. He looks at Martha then
runs off to investigate. *

Martha hesitates - a long look from Francine. *

FRANCINE

Not you too.

TISH

(shrugs)

Sorry.

Tish runs after Martha.

CUT TO:

54 EXT. STREET. LONDON - NIGHT 7 - CONTINUOUS

54

The ambulance has veered off the road and crashed into a wall. The back doors swing open.

The Doctor arrives. Martha just behind him. They fear the worst. Cautiously, they look inside the ambulance. They find two husks - the paramedics.

THE DOCTOR

Lazarus, back from the dead. Should've known, really.

MARTHA

Where's he gone?

The Doctor has the sonic out, working out which direction Lazarus has gone. TISH arrives.

THE DOCTOR

That way. Toward the church.

TISH

Cathedral. It's Southwark Cathedral. He told me.

FX: Behind the ambulance rises Southwark Cathedral.

They head toward it.

CUT TO:

55 INT. CATHEDRAL - NIGHT 7 - MOMENTS LATER

55

THE DOCTOR, MARTHA and TISH enter the Cathedral cautiously. At first glance it appears deserted. The Doctor scans with the sonic screwdriver.

*

MARTHA
(whisper)
D'you think he's in here?

THE DOCTOR
Well, where would you go, if you were
looking for sanctuary?

The screwdriver picks something up. They head slowly down the aisle toward the transept.

CUT TO:

*

56 INT. CATHEDRAL - NIGHT 7 - CONTINUOUS

56

THE DOCTOR and MARTHA near the transept and stop. Tish nearby.

*

*

LAZARUS - young man - is curled on the floor in front of the choir and directly under the tower. He is naked but for a blanket wrapped round his waist.

They edge a little closer. Lazarus twitches with a spasm. They stop - wary.

Lazarus sits up and sees them. He is not surprised.

LAZARUS
I came here before. A lifetime ago.
Crept up from downstairs. To this very
spot. I thought I was going to die then.
In fact, I was sure of it. I sat here -
ten years old. The sound of planes and
bombs outside. Fires glowing through the
windows.

THE DOCTOR
The Blitz.

LAZARUS
You've read about it.

THE DOCTOR
I was there.

LAZARUS
You're too young.

(CONTINUED)

56 CONTINUED:

56

THE DOCTOR

So are you.

Lazarus laughs then spasms again - still unstable.

The Doctor is looking around him - trying to see if there is anything he can use. Trying to come up with a plan.

LAZARUS

In the morning. The fires had died but I was still alive. I swore I'd never face death like that again. So defenceless. I would arm myself. Fight back. Defeat it.

*
*

THE DOCTOR

That's what you were trying to do today?

LAZARUS

That's what I *did* today.

THE DOCTOR

And what about the other people who died?

LAZARUS

They were nothing. I changed the course of history.

THE DOCTOR

Any of them might've done too. You think history is only made with equations?

The Doctor still checking out the interior of the Cathedral. Organ. Tower. Pulpit. Choir. The seed of an idea forming.

*

THE DOCTOR (CONT'D)

Facing death is part of being human. You can't change that.

LAZARUS

No doctor, *avoiding* death, that's being human. It's our strongest impulse. To cling to life with every fibre of being. I'm only doing what everyone before me has tried to do. I've simply been more successful.

*

THE DOCTOR

Look at yourself. You're mutating. You've no control over it. You call that a success?

(CONTINUED)

56 CONTINUED: (2)

56

LAZARUS

I call it progress. I'm more now than I
was. More than just an ordinary human.

*
*

THE DOCTOR

There is no such thing as an ordinary
human.

Another spasm for Lazarus - worse now.

MARTHA

(whispering)

He's going to change again. Any minute.

*

THE DOCTOR

(whispering)

I know. If I could get him up into the
bell tower somehow - I've an idea that
might work.

*
*

MARTHA

(whispering)

Up there?

*

The Doctor nods.

LAZARUS

You're so sentimental, Doctor. Maybe
you are older than you look.

THE DOCTOR

I'm old enough to know that a longer
life isn't always a better one. In the
end you just get tired. Tired of the
struggle. Tired of losing everyone who
matters to you. Tired of watching
everything turn to dust. If you live
long enough, the only certainty left is
that you'll end up alone.

Martha, listening to this, is moved by the sadness of it.

LAZARUS

That's a price worth paying.

THE DOCTOR

Is it?

*

Lazarus spasms again.

Martha moves away from the Doctor. Tish follows.

*

LAZARUS

I will feed soon.

(CONTINUED)

56 CONTINUED: (3)

THE DOCTOR
I'm not going to let that happen.

LAZARUS
You've not been able to stop me so far!

Lazarus and the Doctor glowering.

MARTHA
Leave him, Lazarus.

Lazarus turns to look at Martha.

MARTHA (CONT'D)
He's old and bitter. I thought you had a
taste for fresher meat?

Lazarus smiles.

THE DOCTOR
Martha! No!

Lazarus suddenly sprints toward Martha who starts to run.
She heads for a door in the side wall. Tish follows.

*

MARTHA
What are you doing?

TISH
Keeping you out of trouble.

They reach the door.

MARTHA
(shouting)
Doctor. The tower!

They disappear through the door. Lazarus races through
after them.

CUT TO:

63 INT. CATHEDRAL - NIGHT 7 - CONTINUOUS

Taking out the sonic screwdriver he fiddles with a setting on it.

THE DOCTOR

Hypersonic sound waves - inspired.

He inserts the sonic screwdriver into the guts of the organ's control system.

Sitting down, he starts to pull out every stop and throw every switch he can see.

Tish stares back to the way they've come, petrified.

FX: REVERSE: LAZARUS emerges onto the second gallery. He stops when he sees they are trapped. Then edges toward them - with all the time in the world.

Martha pushes Tish behind her.

MARTHA (CONT'D)

Stay behind me. If he takes me, make a run for it. Head back down stairs. You should have enough time.

*

TISH

But -

MARTHA

Just do it, Tish -

FX: Lazarus hoists himself up onto the rail - extends his body to flick across the gap with his lethal tail -

74

MARTHA and THE DOCTOR are back with the TARDIS. Martha is slightly awkward. She knows there is another goodbye coming up.

THE DOCTOR
Something else that just kind of
escalated, then.

MARTHA
I see a pattern developing. You should
take more care in the future. And the
past. And whatever other time period
you find yourself in.

THE DOCTOR
It's been fun, though, hasn't it?

MARTHA
Yes.

He grins.

THE DOCTOR
So what d'you say? One more trip?

She hesitates.

MARTHA
No. Sorry.

He is shocked.

THE DOCTOR

Okay then. If that's what you want.

MARTHA

(disappointed)

Right. Well, we've already said goodbye once today. It's probably best if you just go.

She turns away. She waits for the Tardis noise - nothing happens. She turns round again. He's still there.

MARTHA (CONT'D)

(annoyed)

What is it?

THE DOCTOR

I said, okay.

MARTHA

Sorry?

THE DOCTOR

Okay!

He opens the door to the Tardis, inviting her to go inside.

Martha realises. She hugs him.

MARTHA

Thank you! Thank you!

He grins.
